uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

	PART A: GENERAL	
--	------------------------	--

1.1 DISCLAIMER

1A copy of the formally adopted version of the City of uMhlathuze Land Use Scheme, including amendments made from time to time, is kept at the offices of the City of uMhlathuze City Development Department, and those copies are the only official copies of the Scheme.

The City publishes an unofficial copy of the Land Use Scheme as a service to the public, and a copy of the unofficial version is available:

- (a) on the City's website at www.uMhlathuze.gov.za; or
- (b) upon request at the public offices of the City (a printing fee would be payable).

1.2. WARNING AS TO ACCURACY

The copies of the Land Use Scheme published on the City's website and available for purchase at the City's offices are not necessarily precisely the same and as up-to-date as the official versions which are those identified as the official versions, and kept at the City's offices. It is only those official version copies that should be relied upon for any purpose where accuracy may have any significant personal, legal or financial implications.

For any enquiries relating to the content and interpretation of the Scheme, please contact the City Development Land Use Management Section.

1.3. NAVIGATION GUIDE

All properties within the municipal area have been allocated a zone. A property is subject to the development rules specified in this Scheme for the applicable zone, as well as the general rules and provisions which apply to all zones. If you want to establish the zoning of a property you may inspect the zoning map or obtain a zoning extract or certificate from the Land Use Management Section.

If you are uncertain about the meaning of any word or phrase, please refer to Chapter 5, which contains definitions of important words and phrases used in this Scheme.

If you want to establish what the primary use rights or consent use rights are for a property, you need to identify the zoning of that property and the relevant table in this Scheme. You may then turn to the table indicated and read the development rules which will apply to the property. Generally speaking, one is not permitted to use property for any purpose not specifically allowed in terms of the zoning of the property concerned.

You may find that your property is affected by other legislation apart from zoning, such as environmental or heritage regulations, traffic impact limitations, agricultural requirements or title deed restrictions. You may also find that you need a license, such as a business license or a liquor license. For advice on these matters, please contact the City Development Department.

You may apply for municipal planning approval in which case you need to submit an application to the Council. You are advised to have a pre-application consultation with the responsible municipal official before you finalise or submit your application. This pre-application consultation could occur by way of telephone, a meeting or exchange of correspondence, and will help to clarify which regulations and policies are likely to affect your application.

If additional information is required in a planning application, the date on which such information is received shall be deemed as the date of application.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Should the applicant be dissatisfied with a decision taken by Council (or its delegation), he/she has a right of appeal under uMhlathuze Spatial Planning and Land Use Management Bylaw. Information about appeals can be obtained from the City Development Department, and will be stipulated in the record of decision.

General public and Stakeholders are encouraged to participate in municipal policy-making by submitting written input when planning is undertaken and especially when overlay zones, development frameworks or sectoral plans are prepared. Effective planning depends to a large extent on public participation in the planning process, and you are encouraged to make an input when the opportunity presents itself.

1.4. LEGAL FRAMEWORK

- a) The preparation, key components and legal effect of SDF's (Spatial Development Framework) are provided for in terms of Chapter 4 of the Spatial Planning and Land Use Management Act (Act 16 of 2013).
- b) All land use schemes must be aligned with a Municipality's IDP (Integrated Development Plan) and SDF (Spatial Development Framework).
- c) In accordance with Section 24 of the Spatial Planning and Land Use Management Act (Act 16 of 2013), each Municipality must, after public consultation, adopt and approve a single land use scheme for its entire area within five years from the commencement of this Act.
- d) In accordance with Section 27 of the Spatial Planning and Land Use Management Act, a municipality may review its land use scheme in order to achieve consistency with the municipal spatial development framework, and must do so at least every five years.
- e) Interpretation of all provisions in the Scheme must be in accordance with Section 7 of the Spatial Planning and Land Use Management Act, 2013 (Act No. 16 of 2013).

1.5. TITLE

- 1.5.1. This Scheme shall be known as the uMhlathuze Land Use Scheme.
- 1.5.2. In accordance with Section 25 of the Spatial Planning and Land Use Management Act (Act 16 of 2013), the land use scheme must give effect to and be consistent with the municipal spatial development framework and determine the use and development of land within the municipal area to which it relates in order to promote—
 - (a) economic growth;
 - (b) social inclusion;
 - (c) efficient land development; and
 - (d) minimal impact on public health, the environment and natural resources.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

1.6. STRUCTURE

1.6.1 The Scheme shall consist of:

- a) **Scheme Regulations** setting out the procedures and conditions relating to the use and development of land in any zone (this document);
- b) **Scheme Map/s** indicating the zoning of the municipal area into land use zones; and
- c) a **register** of all amendments to such land use scheme.

1.6.2 The uMhlathuze Scheme and Maps form part of the Land Use Management System which applies to all Erven within the boundary of the Municipality.

1.6.3 In general, the Scheme Regulations aim to control:

- a) The use of land and buildings by means of prescribing permitted, and prohibited land uses on specifically zoned sites and land use definitions applicable;
- b) Floor area, coverage and height factors for buildings and structures;
- c) Street, side and rear building lines which must be maintained around buildings;
- d) Parking and loading controls;
- e) Additional provisions relating to a specific use zone or land use;
- f) How contraventions of the scheme provisions will be dealt with;
- g) Provisions relating to the design of sites and buildings;
- h) Other general definitions, controls, provisions and procedures.

1.6.4 Within each use zone there are restrictions with regard to the use of land and the erection and use of buildings. These are split into three categories:

- | | | |
|----|------------------------|--|
| a) | Permitted Uses | This category includes land uses that are considered to be compatible with the surrounding land uses, and which may be permitted by the municipality. |
| b) | Consent Uses | those buildings and uses which may be approved or declined by Council after following a Consent procedure as set out in legislation and Clause 3.3 of this Scheme; and |
| c) | Prohibited Uses | those buildings and uses, which are expressly prohibited. |

1.6.5 Any building or use not specifically defined in this Scheme shall be deemed to be a “Special Use” as defined in this Scheme and shall be subject to a Consent application or, whichever the Municipality deems appropriate.

1.7. AREA OF THE SCHEME

1.7.1 The Scheme applies to all Erven within the jurisdiction of the uMhlathuze Municipality (KZ282).

1.7.2 The Scheme Maps are available electronically on the Municipality’s GIS System.

1.7.3 A hardcopy of a map or maps could be made available upon request and at a fee. Printed maps should include a title block with the following information:

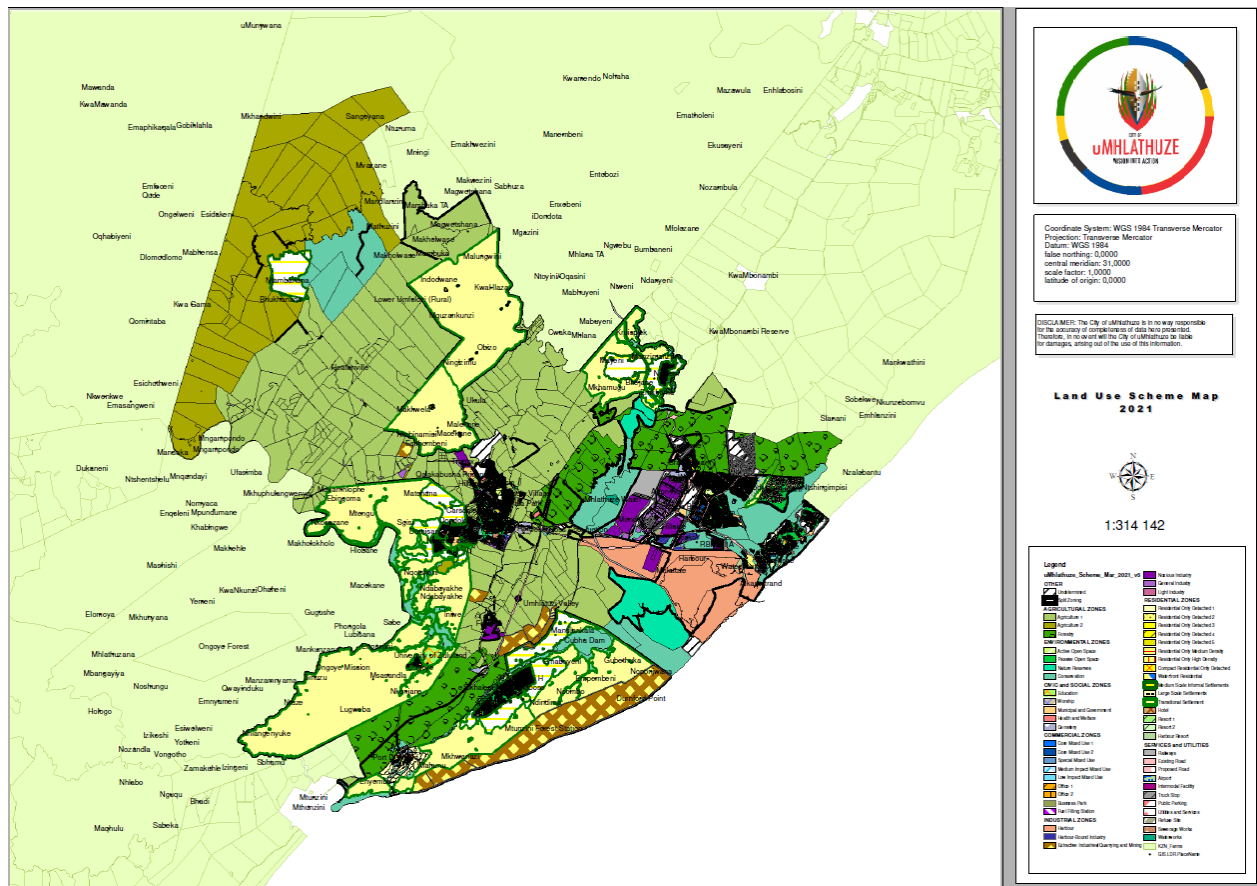

- a) A descriptive heading identifying the area of the Scheme;

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- b) The Municipality's name and contact details;
- c) North point and scale;
- d) Date of map printed;
- e) A legend interpreting the colour notation.

1.7.4 Printed Scheme maps are only valid for the day on which it was printed, and it remains the responsibility of the user of the maps to ensure accuracy of maps where it may have any significant personal, legal or financial implications.

1.7.5 Below is a Land Use Scheme Map for the uMhlathuze Municipality:

1.8. MANAGEMENT OVERLAYS

Where additional and more detailed land use management, beyond that stipulated in the Scheme Regulations and Map/s is required, this is processed via the use of Management Overlays and Management Plans. The Management Overlay identifies the boundary of the area or precinct for which additional regulations or guidelines pertain. The Management Overlay redirects the user to the “informant” or “plan” that contains the additional information, and this is a parallel or co-ordinating plan. The Management Overlay also redirects the user to the source (date) of the plan concerned.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Table 1: Categories of Management Plans and Overlays

MANAGEMENT OVERLAYS:	PLAN REFERENCE NUMBER
Environmental Services Management Plan	MO/TP/P/1 (DMS882792)
Richards Bay CBD Framework Plan	MO/TP/P/2 (DMS1318644)
The Ridge Urban Design Concept	MO/TP/P/3 (DMS1171741); (DMS1211562)
Coastal Setback Lines	MO/TP/P/4 (DMS883155)
Air Quality Buffer Areas	MO/TP/P/5 (DMS882790)
Empangeni CBD Revitalisation Plan	MO/TP/P/6 (DMS882602)
Port Dunford Rural Development Framework plan	MO/TP/P/7 (DMS122982)
Buchanana Rural Development Framework Plan	MO/TP/P/8 (DMS1302017)
Areas/properties subject to the Subdivision of Agricultural Land Act, 1970 (Act No. 70 of 1970)	MO/TP/P/9 (DMS1373766) <i>Any development in these properties will require consent from the Department of Environment, Forestry and Fisheries.</i> <i>NB: Properties that have be exempted from Subdivision of Agricultural Land Act, 1970 (Act No. 70 of 1970) are yet to be gazetted.</i>
Hluma Rural Development Framework Plan	MO/TP/P/10 (DMS1435837)
Mzingazi Commercial Node	MO/TP/P/11 (DMS1314957)
Port Dunford Beach Precinct Plan	MO/TP/P/12 (DMS1314957)
Alkantstrand Urban Design	MO/TP/P/13 (DMS1160490)
Waterfront Master Plan	MO/TP/P/14 (DMS1361911)
Kwadlangezwa Precinct Plan	MO/TP/P/15 (DMS1028681)
Richards Bay CBD South Extension Framework Plan	MO/TP/P/16 (DMS979469)
John Ross Precinct Plan	MO/TP/P/17 (DMS1273320)
Esikhaleni Business Support Centre Urban Design	MO/TP/P/18 (DMS1108765)
Richards Bay SMME Park Urban Design	MO/TP/P/19 (DMS1108765)

1.9. RESPONSIBLE AUTHORITY

The uMhlathuze Municipality shall be the only authority responsible for enforcing and carrying into effect the provisions of the Scheme.

1.10. PURPOSE OF THE SCHEME

- 1.10.1 enable the comprehensive management of all erven (both private and public sector) within the Municipality;
- 1.10.2 promote and implement the applicable planning and development legislation and principles as adopted by the relevant National, Provincial and Municipal spheres of government from time to time;
- 1.10.3 promote and implement the Vision and Strategies of the Integrated Development Plan in the realization of quality environments; and
- 1.10.4 manage land-use rights, to provide facilitation over use rights, to manage urban growth and development and to manage conservation of the natural environment, in order to:
 - a) Achieve co-ordinated and harmonious development in a way that will efficiently promote public safety, health, order, convenience and to protect the general welfare of the inhabitants of the Municipality;
 - b) Promote integrated and sustainable development through-out the area of jurisdiction;
 - c) Promote sustainable environmental management, conserve and protect environmentally sensitive areas.
 - d) Promote all forms of development and growth through sound planning principles that would support a mix of land-uses managed in an appropriate manner.

1.11. EFFECTIVE DATE

The Effective Date of this Scheme is the date of adoption.

1.12. LEGAL EFFECT OF THE SCHEME

- 1.12.1 In accordance with Section 26 of the Spatial Planning and Land Use Management Act (Act 16 of 2013):
- 1.12.2 An adopted and approved land use scheme—
 - (a) has the force of law, and all land owners and users of land, including a municipality, a state-owned enterprise and organs of state within the municipal area are bound by the provisions of such a land use scheme;
 - (b) replaces all existing schemes within the municipal area to which the land use scheme applies; and
 - (c) provides for land use and development rights.
- 1.12.3 Land may be used only for the purposes permitted—
 - (a) by a land use Scheme;
 - (b) in terms of Clause 1.12.4 of the Land Use Scheme.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- 1.12.4 Where no land use scheme applies to a piece of land, before a land use scheme is approved in terms of the Spatial Planning and Land Use Management Act, such land may be used only for the purposes listed in Schedule 2 of the Act and for which such land was lawfully used or could lawfully have been used immediately before the commencement of the Act.
- 1.12.5 A permitted land use may, despite any other law to the contrary, be changed after following a prescribed process as set out in law.
- 1.12.6 At any time after the effective date no person shall:
- 1.12.6.1 erect a new building, alter or add to an existing building or carry out any other proposed work, or
 - 1.12.6.2 develop or use any land, or use any building or structure for any purpose different from the purpose/s for which it was being developed or used on such date, or
 - 1.12.6.3 use any building or structure erected after such date for a purpose or in a manner different from the purpose for which it was erected, until such person has first applied in writing to the Council for permission / approval / consent to do so and the Council has granted its written authority thereto either with or without conditions, and provided that:
 - a) Any authority granted by the Council shall remain valid for 18 months from the date of granting of such authority; and
 - b) Where any building or work referred to in any such authority has not been substantially commenced within the said period of 18 months or where an appeal has been lodged, within a period of 18 months from the date of notification of the outcome of such appeal, or where there has been an interruption in the development of the building or use of land for a continuous period of 18 months, the said authority shall automatically be considered to have lapsed and building operations shall not be commenced or recommenced unless fresh authority has first been applied for and obtained.

1.13. INSPECTION OF THE SCHEME

- 1.13.1 The Scheme (and Maps) are public documents and open for inspection by the general public at the Municipal City Development Offices during normal business hours or at an arranged reasonable time.
- 1.13.2 A register of all applications and decisions on the Scheme and Maps shall be kept and shall be available for inspection by any person or persons at the Municipal Offices during normal business hours or at an arranged reasonable time.

1.14. STATUS OF THE SCHEME

- 1.14.1 This Scheme replaces the current 25 September 2019 Land Use Scheme within the area to which it applies.
- 1.14.2 Any extension to buildings or structures on land contemplated must comply with this Scheme.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- 1.14.3 Any application submitted prior to the adoption of this Scheme shall be assessed and finalised under the provisions of such former Scheme regulations, except if the applicant has in writing informed the Municipality that he / she withdraws such application.
- 1.14.4 A Scheme is binding on the Municipality, all other persons and organs of state, except in the event of a conflict with the provisions of an Integrated Development Plan that was adopted prior to the Scheme or amendment to the Scheme.
- 1.14.5 The provisions of the Integrated Development Plan will prevail over the provisions of a Scheme in the event of a conflict with the provisions of an Integrated Development Plan that was adopted prior to the Scheme or amendment to the Scheme.
- 1.14.6 The provisions of a Scheme that were adopted prior to the adoption of an Integrated Development Plan prevail in the event of a conflict with the provisions of the Integrated Development Plan.
- 1.14.7 A Municipality or any other organ of state may not approve a proposal that is in conflict with the provisions of a Scheme.
- 1.14.8 A proposal to develop or use of land that is in conflict with the provisions of a Scheme is invalid.
- 1.14.9 Nothing in this Scheme shall be construed as enabling any person to erect or use any building or to develop or use any land which is in conflict with any condition of title imposed by the Premier or by the State under any other law.
- 1.14.10 The Scheme provisions shall apply over and above the Bylaws where they are more onerous than the Bylaws. Where the Scheme makes no provision, the Bylaws shall apply.

1.15. AMENDMENTS AND REVIEW TO THE SCHEME

- 1.15.1 If the Council desires to rescind, alter or amend any of the provisions of the Scheme in course of preparation it shall follow the procedures as set out in law.
- 1.15.2 The owner of any land, or any person having a real right to any land, which is zoned in terms of the Scheme, may make application to the Municipality to rezone such land in accordance with relevant legislation.
- 1.15.3 The Municipality does not have to follow a formal process to review the Scheme in cases where:
- a) a spelling / typing error or numbering within the Scheme is amended or corrected,
 - b) Scheme Clauses are re-organised without amending the meaning of the clauses;
 - c) reference to legislation becomes outdated and must be replaced or updated;

- d) any annexures to the Scheme need to be updated or amended,
- e) legally approved development applications or land use zones have not been included in the Scheme, or have been included incorrectly;
- f) a planned road zoned “Proposed Road” is constructed. The zoning “Proposed Road” may then be converted to the zoning “Existing Public Road” and/or “Private Road”, with the proviso that the alignment of the road which was originally zoned “Proposed Road” has not changed; and
- g) changes to or deletion of Management Plans and Overlays as listed in **Table 1**.

1.16. APPLICATIONS FOR THE USE AND DEVELOPMENT OF LAND

1.16.1 GENERAL PROVISIONS

- 1.16.1.1. Applications shall be made in writing to the Municipal Manager, shall contain all information required by the Municipality and may be subject to an application fee.
- 1.16.1.2 The Municipality may refuse to accept an application which:
 - a) is subject to an application fee, but which has not been paid in full; and
 - b) is not motivated in full.

In these cases, the Municipality will inform the applicant to resubmit a complete application, and provide the applicant with a description of the necessary information which must be submitted.
- 1.16.1.3. Applications for development on land falling under the ownership of Ingonyama Trust require consent/or a lease from the Ingonyama Trust Board as part of the application and/or a letter of support from the applicable Traditional Council.
- 1.16.1.4 Any authority granted by the Council shall remain valid for 18 months from the date of granting of such authority, unless stated otherwise. Where any building or work referred to in any such authority has not been within the said period of 18 months or where an appeal has been lodged, within a period of 18 months from the date of notification of the outcome of such appeal, or where there has been an interruption in the development of the building or use of land for a continuous period of 18 months, the said authority shall automatically be considered to have lapsed and building operations shall not be commenced or recommenced unless fresh authority has first been applied for and obtained.

1.16.2 APPLICATION FOR THE PERMISSION OF THE COUNCIL

1.16.2.1 A person desiring any Permission of the Council shall apply therefore in writing to the Municipal Manager in the form which may from time to time be prescribed, provided that except where the Council may otherwise require, ordinary Application and Approval under the bylaws shall be deemed sufficient Permission of the Council.

1.16.2.2 The Council may call upon any building owner who proposes to alter a building or put it to a new use to provide a current building and cadastral survey of the property.

1.16.3. APPLICATION FOR THE APPROVAL OF THE COUNCIL

A person desiring any Approval of the Council shall apply in writing to the Municipal Manager in the form which may be prescribed from time to time.

1.17 CONTRAVENTIONS OF THE SCHEME

1.17.1 An authorised official in the service of the Council may access building plans and, subject to the provisions of the Spatial Planning and Land Use Management Act, (Act 16 of 2013) may enter any property within the area of its jurisdiction for inspection purposes. No person shall in any way obstruct such official in the execution of his or her duties.

1.17.2 If any person or persons contravenes any provision of this Scheme, a notice issued in terms of the Scheme, or a condition set by virtue of it, the Council shall be entitled to take any steps against such person or persons as provided for in legislation, including legal action.

1.18. EXISTING USE RIGHTS

Any existing building or existing use which is not in conformity with this Scheme, but for which legal authority was obtained from the Municipality prior to the adoption date of the Scheme, and which continued to be used for the purpose for which it was designed and/or was completed legally and so used after the adoption date may continue to be used, subject to compliance with any conditions which may have been imposed by the Municipality.

1.19. OCCASIONAL USE OF LAND AND/OR BUILDINGS

1.19.1 Land or buildings, other than Chalets, Medium/High Density Housing or a Residential Building, may, on occasion, be used as a Place of Assembly or Place of Worship, provided that:

1.19.2 such use is restricted to not more than twenty calendar days in any calendar year and to not more than two calendar days in any calendar month;

1.19.3 in the event of such use constituting a nuisance, it shall cease forthwith upon service of a notice to that effect and in such event shall not be resumed except with the permission of the Council; and

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- 1.19.4 this clause shall not in any manner be deemed to restrict the use of a Hotel for such purposes.
- 1.19.5 the occasional slaughter of animals may be permitted subject to Council's permission and compliance with the relevant Health Bylaws.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

2. PART B: DEFINITIONS

2.1 GENERAL DEFINITIONS

Air Quality Buffer – Potential Health Impact Zone	<p>Means a buffer area, as adopted by Council in accordance with Resolution 4272 of 5 December 2006, which has been implemented to limit the health impacts of air pollution produced by industrial development in Richards Bay.</p> <p>Industries considering development or expansion within the Potential Health Impact Zone shall not be allowed to add any percentage of SO₂ or PM₁₀, or fractions thereof. Other criteria pollutants suspected of impacting on the health and well-being of people may also be limited at the sole discretion of Council.</p>
Air Quality Buffer – Alert Zone	<p>Means a buffer area, as adopted by Council in accordance with Resolution 4272 of 5 December 2006, which has been implemented to limit the health impacts of air pollution produced by industrial development in Richards Bay.</p> <p>Industries considering development or expansion within the Alert Zone, which emit any percentage of SO₂ or PM₁₀, or fractions thereof, shall make use of an air quality model acceptable to Council, at own cost, to predict how emissions would influence the Buffer Zones. The outcomes of the modeling would determine whether the proposed location for industrial development is acceptable or not.</p> <p>Other criteria pollutants suspected of impacting on the health and well-being of people may also be limited at the sole discretion of Council.</p>
Ancillary Use	<p>Means a use incidental to and customarily associated with a specific principal use, located on the same erf/lot or subdivision.</p>
Approval	<p>Means the approval of the Council as contemplated in Clause 1.12.6 of the Scheme. In relation to an application for Municipal Planning Approval means approval in terms of the SPLUM By-law and Land Use Scheme and includes the conditions of approval.</p>
Arcade	<p>Means an area forming part of a building which may or may not be covered, reserved exclusively for pedestrian traffic, but may include fountains, benches and other similar features and shall nowhere have a total width of less than 4 metres and an unobstructed width of less than 2 metres.</p>
Balcony	<p>Means the protruding floor area of a portion of a main building that is constructed above from the ground floor area, of which its sides are not permanently closed and is open to the elements, and which a portion thereof shall have direct access to the main building.</p>
Basement	<p>Means any storey of a building or portion thereof where either:</p> <ul style="list-style-type: none">a) the floor level of such storey is two metres (2m) or more below the mean finished ground level of the site on which such building or portion thereof is erected; orb) the ceiling level of such storey is below a level of one metre (1m) above finished ground level.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Block of Flats	Means a building containing more than three dwelling units, and which is not defined as “Residential - Medium Density”.
Boundary	an invisible line between two pegs that marks the edge of an erf and is registered in the Surveyor General office and properties provided by Traditional Councils in Traditional Settlement Areas.
Building	includes any structure of any nature whatsoever as envisaged in Section 1 of the National Building Regulations and Building Standards Act, 1977 (Act 103 of 1977) and its regulations.
Building Line	means line parallel to any boundary of an Erf within which no building or structure may be erected, the extent of which is prescribed in terms of the Land Use Scheme. It shall include a street building line, side building line and rear building line.
Bylaw	Is a bylaw, or regulation made to enable the Council to give proper effect to the powers and duties conferred or imposed upon it in terms of the Municipal Systems Act, as amended, or any other law.
Caravan	Means any vehicle permanently fitted out for use by persons for living and sleeping purposes whether or not such vehicle is a trailer.
Carport	Means a permanent and/or temporary roofed structure, which is not completely enclosed and has a minimum of 2 sides opened and which is used for the parking of vehicles.
Common Land	Means that portion of a medium density housing development or Mobile Home Park site, which is set aside for the use, and enjoyment of all the occupants of the dwelling units on that site and from which the general public may be excluded.
Common Open Space	Means that usable portion of the common land, which is not occupied by vehicular road carriageway, parking areas and communal facilities of a non-recreational nature, but includes walkways, structures intended for recreational use and a children’s playing area or areas.
Consent	means a written authorisation, issued by the Municipal Planning Approval Authority which includes “consent uses” to use or develop a property for a permitted purpose or in a particular manner contemplated in the Land Use Scheme.
Coverage	Is the maximum proportion of an erf that may be covered by buildings, and is expressed as a percentage of the Erf area as defined. Thus 25% coverage means that only one quarter of the Erf may be covered by buildings. Only roofed or covered areas are included in coverage.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Distinction is made between the following:

“Actual Coverage”, which means the proportion of a site expressed as a percentage of the area of such site at or above finished ground level, covered by all buildings, on such site and shall include:

- a) walls of buildings;
- b) any covered or roofed area;
- c) stairs, steps, landings, galleries, passages, ramps and similar features, whether internal or external;
- d) canopies, balconies, verandahs, porches, stoeps and similar features; and
- e) internal courtyards, light wells and any uncovered shaft where the area of such feature does not exceed 10m².

Provided that minor decorative features not projected more than 1,0 metre from a wall of a building such as eaves, cornices, pergolas, and flower boxes, water pipes, drain pipes, private swimming pools and paved surfaces shall be excluded from actual coverage.

And

“Permissible Coverage” means the proportion of a site expressed as a percentage of the area of such site which shall not be exceeded by the “actual coverage” of all buildings on such site.

Dangerous Goods	Means goods that are capable of posing a significant risk to the health and safety of people or the environment and which are listed in South African National Standard No.10228 designated “The identification and classification of dangerous goods for transport”, SANS 10228:2003, edition 3, published by Standards South Africa, ISBN 0-626-14417-5, as may be amended from time to time.
Density	means the number of Dwelling Units permitted on a property. Density is expressed in terms of Dwelling Units per hectare.
Development	In relation to any land, means the erection of buildings and structures, the carrying out of construction, engineering, mining or other operations on, under of over land, and a material change to the existing use of any building or land for non-agricultural purposes.
Development Plan	As provided for in Clause 4.1.1.1.1
Duplex Unit	Means a dwelling unit in a building where each such unit consists of a ground floor and one upper floor connected by an internal staircase and has direct access to a private open area.
Dwelling Unit	Means a self-contained suite of rooms contained inter-leading group of rooms for a single family including not more than two kitchens. .
Dwelling Unit Curtilage	Means a single defined area of land forming part of a Medium Density and High Density Residential Housing development comprising the land upon which a dwelling is erected or is intended to be erected together with such private open areas and other areas as are reserved for the exclusive use of the occupants of the dwelling unit.
Erection of a Building	Means the construction of a new building or a structural alteration or additions to any building.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Erf	Means any piece of land registered in the deeds registry as an erf, lot, plot, stand or farm and includes a portion of an erf, lot, plot or stand.
Erf Area	Is the area of an erf, less the area of any public right of way, road servitude, new road or road widening to which the Erf may be subject, but shall include any registered servitude for overhead or underground services. Erf area, in any zone, is exclusive of access ways in “hatchet-shaped” erven.
Existing Building	Means a building lawfully erected before the effective date or a building erected in accordance with plans, which were approved by the Municipality prior to that date.
Existing Use	Means, in relation to any building or land, the continuous use of such building or land for the same purpose for which such building was designed and lawfully used on the effective date.
Existing Use Rights	Rights issued for occupation of any building or land for a continuous use of that building or land after the effective date for the purpose for which it was intended and lawfully authorized by the Municipal council at that date.
Family	Means a man or a woman or both, with or without their parents, the children of one or the other or both of them, or a partner, living together as one household.
Floor Area	<p>The floor area of a building shall be taken as the sum of the roofed areas of the building at each floor level, measured over and including wall thickness and enclosed balconies, verandas and stoeps, but shall exclude:</p> <ul style="list-style-type: none">a) Staircases and public access galleries, public toilets, lift shafts and lift motor rooms, water storage tanks, fire escapes, refuse storage areas, areas used for electricity transformer rooms, substations and meter rooms, and areas for the accommodation of mechanical ventilation, air-conditioning and effluent treatment plants;b) Any area used exclusively for the loading and unloading of motor vehicles;c) Covered parking spaces or garages other than such areas within a Fuel Filling Station, parking erf / parkade and automotive showroom;d) Any area within a basement used exclusively for storage purposes;e) Any area to which the general public has access and which, in the opinion of Council, comprises bona fide pedestrian shopping arcades, malls or part thereof, provided that such area is not itself used for any business or commercial purpose whatsoever; andf) Features of a purely decorative nature such as ledges, spires, turrets and belfries.
Floor Area Ratio	<p>Means the ratio that is obtained by dividing the floor area of a building or buildings erected, or to be erected, on a site by the registered surveyed area of such site, that is:</p> <p>F.A.R. = $\frac{\text{total floor area of buildings}}{\text{Total area of site}}$</p>

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

The ratio of the total floor area of the buildings on an erf to the erf area and is expressed as a decimal, e.g. a Floor Area Ratio of 0,5 means that the floor area of the buildings on a particular erf is half the erf area.

Frontage

Is the length of the boundary of an erf, which is coincident with the boundary of an existing or proposed street.

Garage

Means an enclosed building for the storage of one or more vehicles, but does not include a Fuel Filling Station, public garage or motor repairs for gain.

Greenhouse

As provided for under "Agricultural Land" means a structure with the sides primarily made of a transparent material such as glass, perspex or plastic, used for the purpose of rearing delicate plants or hastening growth of plants under controlled environmental conditions.

Gross Leasable Area

Means the sum of the usable floor areas of floor space in a building that has been designed, or is suitable for occupation, by a renter, including kitchens and conveniences, and shall include wall thickness, but shall exclude communal areas such as corridors, lift shafts, staircases, public toilets and basements used exclusively parking purposes.

Ground Floor

Means the storey of a building or portion of a building on or nearest the mean finished ground level immediately surrounding the building, provided it is not a basement.

Habitable Space

means any space within a building or structure that is or can be used for human occupancy including balcony, patio, verandah, stoep, lapa etc.

Height

Means the height of a building in storeys and is expressed as a number, provided that where the ground floor of a building is on more than one level, such building shall be regarded as formed of portions in relation to each respective level and the height of such a building shall be calculated separately in respect of each portion as if such portion were a separate building.

Maisonette

Means a two-storey building consisting of 2 dwelling units placed one above the other with separate entrances.

Mall

Means an area of land open to the air and reserved exclusively for pedestrian traffic but may include fountains, benches and other similar features as well as kiosks for, inter alia, the sale of refreshments.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Mixed Use Development	<p>Means a development with:</p> <ul style="list-style-type: none">- a mix of revenue producing areas (such as retail, office, residential, hotel/motel and recreation) which are all well-planned and mutually supporting;- significant functional and physical integration of project components (and thus a highly intensive use of land), including uninterrupted pedestrian and/or open space connections, and- development in conformance with a coherent plan, which frequently stipulates the type and scale of uses, permitted densities and related items.
Motor Vehicle	<p>As defined in the National Road Traffic Act, 1996, means any self-propelled vehicle and includes-</p> <ul style="list-style-type: none">(a) a trailer; and(b) a vehicle having pedals and an engine or an electric motor as an integral part thereof or attached thereto and which is designed or adapted to be propelled by means of such pedals, engine or motor, or both such pedals and engine or motor, but does not include-<ul style="list-style-type: none">(i) any vehicle propelled by electrical power derived from storage batteries and which is controlled by a pedestrian; or(ii) any vehicle with a mass not exceeding 230 kilograms and specially designed and constructed, and not merely adapted, for the use of any person suffering from some physical defect or disability and used solely by such person
Non-conforming Use	<p>Means a building or land that that has conducted a business or land use activity prior to the adoption of the first municipal Land Use Scheme and its reviews, which is not in conformity with or constitutes a breach of any of the provisions of the Scheme, but is otherwise lawful; provided there are no alterations and changes from the initial scale of the land use.</p>
Occupant	<p>Means any person occupying a building or land irrespective of whether such occupation is legal or not.</p>
Outbuilding	<p>Means a building ordinarily used in conjunction with a dwelling unit(s), and used for the garaging of private motor vehicles, storeroom, domestic rooms, domestic toilet, workroom and other such similar uses.</p>
Outdoor Advertising	<p>Means any form of advertising, as defined in Council's Bylaws, visible from any street or public place and which takes place out of doors.</p>
Panhandle Site	<p>means a site with access that is gained via a narrow passage or access-way which not be less than 4 metres in width for its entire length.</p>
Permission	<p>Means permission of the Council as contemplated in Clause 1.16.2 of the Scheme.</p>

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Private Open Area Means a usable area, exclusive of utility areas, driveways and parking areas, which is open to the sky and which is adjacent to and has direct access from a dwelling unit on a medium density housing residential development, such private open area being reserved for the exclusive use of the occupants of the associated dwelling unit, but may include covered open areas (patios) and verandas.

Rear Building Line / Boundary Shall mean that boundary of an erf which is furthest from any street boundary, and which does not meet any street boundary.

Scheme Land Use Scheme and similar expressions shall mean the uMhlathuze Scheme and shall include any lawful:

- amendment thereto or variation or modification thereof;
- prohibition, restriction and condition imposed in terms thereof;
- permission, approval, consent or other authority granted in terms thereof;
- schedule, annexure or other document included therein; and
- any map, plan, diagram, drawing or similar document included therein.

Semi-detached Housing Means a building other than a dwelling house comprising two (2) dwelling units contained in one building or attached to each other by means of a shared communal wall, both on the ground floor and each provided with a separate entrance.

Side building line/ Boundary Is any boundary of an erf which meets a street boundary and any other boundary and which is neither a street boundary nor a rear boundary.

Simplex Unit Means a dwelling unit in a single storey building where each such unit has direct access to a private open area.

Site Development Plan As provided for in Clause 4.1.2.1.

Storey Is a room or set of rooms at any level, including any room the floor of which is split into two or more levels, and shall have the following implications:

- The basement of a building, not used for residential purposes, but used solely for the purpose of parking vehicles, service installations, such as transformer and meter rooms, or storage shall not count as a storey provided such an area or areas constitutes a Basement;

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- b) If the ground floor of a building is elevated above the mean finished ground level immediately surrounding the building by a structure other than a basement such structure shall count as a storey(s);
- c) A pitched roof containing a habitable room and any other type or style of roof which contains or supports any rooms, structures or features over and above those mentioned in paragraph 1 below and which the Council considers to be habitable shall count as a storey;
- d) A storey shall not be higher than 4,5 metres. If a storey is higher than this, each 4,5 metres or part thereof shall count as a storey. Provided however that in a multi-storey residential building each storey shall not be higher than 3 metres and if a storey is higher than this each 3 metres or part thereof shall count as a storey;
- e) With the exception of lift rooms, stairwells and pitched roofs, any structures, telecommunications masts or architectural features situated on the roof of a building and greater than 1,2 metres in height shall constitute a storey and may be permitted with the Municipality.

Street	Means any street, road, lane, avenue, way, footpath, bridge, subway or other right-of-way and includes appurtenances thereto.
Street Boundary	Means a boundary of an erf, which is coincident with the boundary of an existing or proposed street.
Structure	Means anything constructed or erected, the use of which requires location on the ground or attachment to something having location on the ground.
Terrace House	Means a residential building comprising 3 or more dwelling units, each having a separate entrance on the ground floor with direct access to a private open area or areas.
Utility Area	Means an open or covered area used for the provisions of services incidental to specific uses, including washing lines, storage areas, refuse collection areas, loading areas, security guard offices, service areas, etc.
Zone	Is that portion of the area shown on the Scheme Map, by distinctive colouring or edging or in some other distinctive manner, for the purpose of indicating the restrictions imposed by this Scheme on the erection and use of buildings or structures, or the use of land.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

2.2 LAND USE DEFINITIONS

Unless the context of this Scheme clearly indicates to the contrary, the following building types and land use types have the meaning and interpretation given below:

Activity Corridor:	means an area of generally higher intensity urban use or land suitable for intensification, parallel to and on both sides of an activity spine, and includes any associated higher order transportation routes such as roads.
Active Open Space:	means land which may be public or privately owned and which is set aside for land uses such as a parks, sports fields, gardens as well as ancillary uses.
Additional Dwelling Unit:	Additional Dwelling Unit means a self-contained unit for residential habitation of limited size, which does not form part of medium density housing or chalets. It may be attached or detached to a dwelling house, but must be clearly associated with a dwelling house erected on an erf, and may include such outbuildings, garages and stoep areas as are customary used and incidental thereto, with the understanding that only one additional dwelling unit will be permitted on any one Erf.
After-school Care Facility	Means a dwelling house or dwelling unit or part thereof used as after school care and education of not more than ten (10) young children during the daytime in the absence of their parents or guardians. It shall not involve overnight accommodation and /or boarding facility and uses that are defined under tuition centres, daycare facility, crèche, home schooling and home based business classes etc.
Agricultural Building:	Means a building used in connection with, or which would ordinarily be incidental to or reasonably necessary for agricultural activity on agricultural land, and may include agro-processing, sorting and packaging of agricultural products, cold storage facility, a dwelling house, private recreational use and Farm Worker Accommodation as defined in this Scheme.
Agricultural Industry	Means land or buildings used for: <ul style="list-style-type: none">a) the large scale intensive rearing of poultry, gamebirds, livestock or similar animals and allied products, such as broiler farms, battery farms and other concentrated animal feeding operations;b) aquaculture and mariculture activities;c) the large-scale servicing or repairing of plant or equipment used in agriculture;

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- d) the handling, treatment, processing, or sorting and packaging of agricultural products, which could include a sawmill and similar activities; and
- e) Wind turbines.
- f) Shall include Agri-processing and all other related activities.
- g) Inclusive of winery; distillery and brewery
- h) Inclusive of processing of animal matter e.g Abattoir

Agricultural Land

Means arable, meadow or pasture land, plantations, market gardens, poultry farm, nursery garden, and may include greenhouses or hydroponics, dipping tanks, horticulture, permaculture, orchards and land used for the purpose of breeding or keeping of domestic animals and/or livestock and the grooming of such animals, poultry or bees and includes saleyards and any buildings connected therewith, provided that buildings connected with the housing of cats and/or dogs shall be deemed to be a Special Use. It excludes uses that could be classified/defined under “Agricultural Industry” and “Industry – Noxious”.

Aquaculture

As provided for under “Agricultural Industry” means the breeding of fauna and/or flora in a freshwater environment for commercial sale.

Arts & Crafts Workshop:

Means a building wherein the primary purpose is the production and selling of goods, primarily aimed at the tourism market. This includes such uses as inter alia graphic arts and studios, textile design, weaving, pottery, furniture making, leatherwork, fashion design, stained glass or glass making, printing and similar activities. The process carried on and the machinery installed shall be such that they will not cause nuisance to other properties or be detrimental to the amenities of the other zones.

Automotive Showroom / Vehicle Dealership

Means a building or site used primarily for the exhibition or display of substantially roadworthy vehicles and/or leisure vehicles and/or seaworthy marine craft for purposes of sale, hiring out or lease.

Associated office accommodation and an ancillary spare parts shop and service workshop area may also be accommodated, subject to conditions as set out in the scheme.

Beach

Means premises used to service the needs of the general public and/or residents within or close proximity to the beach, and may include a tearoom, restaurant or fast food outlet. Small retail outlets restricted to the sale of beach apparel, toiletries, photographic goods, public ablution, storage, pleasure and angling piers, boathouse, boathouse,

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

	swimming baths and paddling pools, life savers club, and hire facility for beach equipment and ancillary municipal use.
Beach Amenity	Means premises intended to cater the needs of the general public, within or close to the beach, and may include a tea room, fast food outlet; public toilets, and hire facility for beach equipment and Municipal uses.
Beauty Salon	Means an establishment used for hairdressing, make-up and similar cosmetic treatments.
Bed and Breakfast / Guest House	As provided for under “Home Business” and subject to Council’s consent means a resident owner managed commercial accommodation establishment for less than fourteen (14) lodgers in not more than seven (7) lettable rooms, and which is primarily aimed at the tourist and/or business market, operated from a private single Dwelling House, where the facilities and services offered are for the exclusive use and benefit of transient overnight guests. It may include land used for sport and/or recreation facilities associated with, but secondary to the residential use of land and used exclusively by the residents and guests of the facility.
Boarding House	<p>Means an accommodation establishment that offers long term accommodation to students on free standing dwelling unit provided by the owner or operator who resides on the premises and which:</p> <ul style="list-style-type: none">a) Is not licensed to sell liquor.b) Offers accommodation to not more twelve lodgers
Canteen	Means a communal facility that provides meals and refreshments to the occupants or employees and their guests in a building, provided it is ancillary to the main use on the same property but, which is not open to the general public.
Caretaker’s Accommodation	A dwelling on the same site as a building, operation, or plant, and occupied by a supervisor of that building, operation, or plant. The size of such dwelling may be restricted by Council. Should not exceed 100m ² .
Car wash Facility	Means a building, structure or land used for the washing and cleaning of vehicles, and may include a valet service. It normally form part of a fuel filling station, but may also be established as a stand-alone facility if provided for by the Scheme.
Casino	As defined under the National Gambling Act, Act 7 of 2004, and the KwaZulu-Natal Gambling Act, Act 10 of 1996, means premises where gambling games are played, or are available

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

to be played, under the authority of a casino licence, but does not include premises in which—

- a) only bingo and no other gambling game is played or available to be played;
- b) only limited pay-out machines are available to be played;
- c) limited pay-out machines are available to be played and bingo, but no other gambling game is played or available to be played; or
- d) only social gambling is conducted in terms of a temporary license or provincial law.

Cemetery Purposes

Means land or buildings which is permanently set aside for the purpose of burying human or animal remains, and may include an office for administrative uses associated therewith, a funeral chapel/s, gardens, roads, parking, sheds for maintenance purposes and the like. A shop may be permitted by consent, but is to be restricted to the sale of items directly related to funerals and burials purposes such as flowers, grave stones and coffins.

Chalet Development

Means a grouping of a number of chalets on a property; a chalet meaning a dwelling unit used as a holiday dwelling with a floor area not exceeding 55 m² and not less than 35 m², consisting of not more than 3 living rooms with or without sanitary convenience, bathroom, shower and kitchen, together with approved outbuildings or ancillary buildings to be used in conjunction with a chalet or series of chalets, but shall not include a dwelling house, residential building or medium density housing. A series of chalets shall denote any grouping of a number of chalets.

It may include buildings or structures used for private recreational use, such as a swimming pool, gymnasium, tennis courts, etc.

Clinic

As provided for under “Public Office”, “Institution”, “Shop” or where otherwise specifically provided for in terms of the Scheme, means a facility providing medical services.

Coffee Shop / Tea Garden

Means a building used to prepare and sell light meals, confectionary and non-alcoholic beverages for consumption on the premises. It may also be included under the definition of “Shop”.

Commercial Workshop

Means light and service industrial activities which cater for the local customer or provides a service direct to the retail customer and which is directly associated with a shop or an office building in respect of which the public, as customer, has access, such as a watch repairer, shoe repairer, valet service

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

	or dry cleaning shop, radio or television repairer, etc. but excludes a Public Garage.
Community Garden	It land used for the production of fruit and vegetables in an urban environment using resources available in that urban area for the benefit largely of residents from that area. It expressly excludes the large-scale sale of produce/crops from the site so as to cause a nuisance to the surrounding landowners. It may include a small-scale plant nursery.
Conference Facility	Means a building, or part of a building, used for conferences, seminars and meetings ancillary to the primary use of the site, and may include offices for the administration of such facility.
Convalescent Home / Step Down Facility	As provided for under “Institution” means a building used to care for patients to ensure their gradual return to health and strength after an illness or operation.
Convention Centre	Means a facility used primarily for conferences, meetings, seminars, gatherings, indoor recreation, exhibitions, related restaurant or catering facilities, other similar uses for the dissemination of information and educational purposes, and such other uses considered by the Council to be ancillary or reasonably necessary for the use of the building as a Convention Centre.
Conservation Purposes	Means environmentally sensitive land, coastal areas and/or water bodies, or land earmarked for environmental rehabilitation which includes independent or linked open space areas and permits only limited and specific developments that are normally associated with, but secondary to, the conservation of land, such as parking areas, walking trails, bird watching structures, educational buildings, restaurant / tuck shop and other facilities for the convenience of visitors. Development would most likely be subject to an environmental approval process in line with relevant legislation.
Crèche	Means a building or portion of a building for the care of between seven (7) and thirty (30) infants and/or young children during the daytime absence of their parents or guardians, and may include a nursery school.
Crematorium	Means any building or structure in respect of which authority has been granted for human remains to be cremated therein or thereon. “Cremated” means to reduce any human remains to ashes.
Day Care Facility	Means a dwelling house or dwelling unit or part thereof used for the daytime care and education of not more than six (6) infants and/or young children during the daytime absence of their parents or guardians.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

It may also include the care of not more than four (4) adults, either elderly or sick, provided that such facility:

- is not used for the treatment of infections or contagious diseases;
- may not in any way cause a danger to public health and safety; and
- is able to comply with the relevant Environmental Health Bylaws, especially with regards to the management of medical waste.

Eco –Educational Facilities

Means facilities for the management, study, interpretation, education, and public appreciation of a predominantly natural area or heritage site; and includes accommodation for staff, support services and associated infrastructure, but does not include tourist facilities or tourist accommodation.

Educational Building

Means land and buildings used for instruction purposes such as a university, school, college, technical institute, crèche, nursery school, monastery, convent or similar uses and may include a research laboratory, art gallery, museum, academy, lecture, music or assembly hall or a library within the same site and incidental to such uses. It may further include ancillary uses normally associated with the primary use as an educational building, such as accommodation for students and staff, a canteen/restaurant, tuck shop (limited to 20m²) and sport / recreation facilities, but expressly excludes a Restricted Building.

Farm Stall

Means a building or structure, which does not exceed 150m² in floor area, used for the retailing of fresh farm produce produced on site, including homemade items. It may also include the sale of convenience goods.

Farm Worker Accommodation

As provided for under “Agricultural Building” means accommodation provided for farm workers working for the land user.

Fish Farming

An area devoted to the breeding of fresh water fish, salt-water fish and seafood for commercial sale.

Flea Market

An occasional or periodic market held in an open area or structure where groups of individual sellers offer goods for sale to the public.

Freestanding Telecommunication Infrastructure

Means land used to accommodate a self-supporting structure housing equipment used in the transmitting or receiving of electronic communications signals and includes telecommunication cell masts, but excludes -

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

(a) masts of 15 metres and lower exclusively used:

(i) by radio amateurs; or

(ii) for lighting purposes

(b) flag poles and lightning conductor poles

Fuel Filling Station

Means a building and land used for the retail sale of petrol or petroleum derivatives, diesel, lubricating oils and greases capable of use in internal combustion engines, and which may include an ATM, associated office accommodation, carwash facility and limited shopping facilities in accordance with this Scheme.

Funeral Chapel

Means a room used for funerals and often for the viewing of the deceased by mourners.

Funeral Parlour

Means a building or land used for the purpose of funeral management and/or for the reception, storage and preparation of human corpses prior to burial or cremation and may include:

- a) A shop intended primarily for public reception and for the sale and display of those commodities required for cemetery purposes, funerals and services ordinarily ancillary to funeral management;
- b) A funeral chapel; and
- c) A workshop for the manufacture of coffins and funeral furniture; but expressly excludes a monumental mason and/or crematorium.

Gambling Premises

Means a building or structure other than a “Casino” and “Racecourse” as defined in this Scheme, that are named or described in a license issued in terms of the National Gambling Act, No. 7 of 2004, or applicable provincial law, and where gambling activities are conducted. It may include:

- a) Limited pay-out machines;
- b) Bookmaker Agencies;
- c) Totalisator Agencies;
- d) Tattersalls;
- e) Bingo Hall;
- f) Gaming Hall; etc.

The standards for gambling premises must be maintained, as described in Section 17 of the National Gambling Act, No. 7 of 2004.

General Showroom

Means a building used for the display, sale and bulk storage of goods, usually of a bulky nature, which includes: bathroom accessories, furniture, household electrical appliances, kitchen components, sanitary ware and tiles, and similar types of uses that are primarily delivered off site following

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

	<p>purchase, but does not include a type of building and land use specifically defined elsewhere under Section 5.</p>
Greenhouse	<p>A structure with the sides primarily made of a transparent material such as glass, perspex, or plastic for the purpose of rearing delicate plants or hastening growth of plants under controlled environmental conditions.</p>
Guest House	<p>As defined under “Bed and Breakfast”.</p>
Harbour Infrastructure	<p>Means a building/structure normally associated with the operation of a port / harbour / small craft harbour such as docks, maintenance yards, re-fueling facilities and railway facilities, conveyors, a lighthouse, breakwaters, etc.</p>
Harbour Management	<p>Means buildings, land and structures necessary for the management and operation of a port / harbour such as offices, control towers, custom control areas, maintenance yards/docks/workshops, truck or rail staging areas and similar uses, and may include facilities for the comfort and recreation of port employees and contractors such as a canteen, convenience shop, standby accommodation, recreational facilities and other similar uses.</p>
Heritage Purposes	<p>Means buildings, land and structures used for the remembrance and protection of cultural heritage resources, such as specific grave sites, a plaque / monument, etc.</p>
Hobby Workshop	<p>As provided for in a Retirement Village Development means a building/structure or group of buildings provided for the residents of a retirement village for the purpose of practicing a bona fide hobby / a small scale venture which does not constitute a nuisance in the general sense of the word or in any other way have a detrimental effect on the character of a residential area, the development or the environment. It is further subject to any other applicable provisions in this Scheme or any of Council’s other Bylaws.</p>
Home Activity	<p>Means the conduct of an occupational activity in conjunction with a Dwelling Unit or an approved structure erected on the Site of an existing Dwelling Unit, subject to certain conditions. In particular, such activity shall be conducted by the owner of the site, shall not require the employment of additional staff which is necessary to conduct the home activity, shall not cause the regular parking of more than three vehicles on site and shall not have a negative impact on the residential character of the area.</p>
Home Business	<p>Means the conduct of an occupational activity such as professional office; Bed & Breakfast; Creche; Boarding house, Tuck shop/Spaza; Home Schooling or any other low scale land use that will not cause nuisance to the surrounding environment in conjunction with, a Dwelling Unit or an approved structure erected on the Site of an existing Dwelling</p>

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Unit which may be used for a home business, subject to certain conditions. In particular, such business may cause the employment of additional staff which is necessary to conduct the business, but shall not have a negative impact on the residential character of the area. Industrial uses such as Panel Beating/Spray Painting/ Mechanical workshops, Welding and related uses will not be allowed. A home business is restricted to a single non-impacting use

Home Based Business Classes:

Means low scale business classes (such as baking, sewing, arts and craft, cooking, swimming classes, health studio) on free standing dwelling unit provided by the owner or operator who resides on the premises and which accommodates not more than 5 people per session.

Homestead

Means land, buildings and structures used for the accommodation of traditional family, who has been allocated the land by means of customary law to a traditional community recognized in terms of section 2(5)(b) of the KwaZulu-Natal Traditional Leadership and Governance Act, 2005 (Act No. 5 of 2005), and may include areas for the cultivation of trees and crops, a kraal for livestock and an enclosure for poultry.

Health Studio

Means premises used for the physical development and fitness of individuals for reward or pleasure, and includes a gym.

Home Schooling

Means the educating of children by a parent at home, limited to 6 biological children. Registration with the Department of Basic Education is compulsory for home schooling.

Household Dwelling

means habitable dwelling/s in a recognised traditional settlement area.

Hospital

As defined under “Institution”.

Hotel

Means a facility offering transient lodging accommodation to the general public and providing additional services accessible by guests and the general public, such as restaurants, meeting rooms / conference facilities, entertainment, recreational facilities, health and beauty facilities, and limited shopping.

Hydroponics

As provided for under “Agricultural Land” means the cultivation of plants by placing the roots in liquid nutrient solutions rather than in soil.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Impoundment Area	Means land and or buildings used to confine seized items such as stray animals, motor vehicles and the like.
Industry – Enclosed Bulk Storage	Means warehoused stockpiling, storage, handling, processing and distribution of products and/or commodities in bulk for import or export within the area of jurisdiction of the Port Authority or with an area zoned Harbour-Bound Industrial, General Industry, and Noxious -Industry. Subject to compliance with and adherence to applicable statutes and Material Safety Data Sheet (MSDS).
Industry – Open Air Bulk Storage	Means the open-air stockpiling, storage, handling, processing and distribution of products and/or commodities in bulk for import or export within the area of jurisdiction of the Port Authority or with an area zoned Harbour-Bound Industrial and Noxious-Industry.
Industry – Extractive	Means any activity, premises, building and/or land upon which the process of extracting, mining, winning or quarrying of raw materials from the ground is undertaken, including gravel, sand and stone and includes buildings and crushing plant used in connection with such process, but excludes the processing of such minerals by means of smelting, etc., which would be classified under “Industry- Noxious” and crushing of products which are not mined on site.
Industry – General	<p>Means any activity, undertaking, premises, building and/or land falling within the scope of the interpretation of a “factory” as defined in this scheme. It shall exclude any activity, undertaking, premises and/or land which may be classed as an “Agricultural Industry”, “Industry – Bulk Storage” “Industry – Extractive”, “Industry- Noxious” and/or “Industry-Salvage”.</p> <p>“Factory” means:</p> <ol style="list-style-type: none">1. Any premises on or within which any person performs work in connection with any business, undertaking or institution, whether an employer or employee, pupil or inmate of an institution or otherwise, in any one or more of the following activities:<ol style="list-style-type: none">a) The manufacturing of any article or part thereof;b) The altering, repairing, renovating, ornamenting, painting, spraying, sand blasting, coating, polishing, finishing, cleaning, washing or breaking up of any article;c) The adaption for sale or use of any article;d) The sorting, assembling or packing (including washing or filling bottles or other containers) of any articles;

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- e) Printing or letterpress, lithography, photogravure or other similar process, including any activity associated with the printing industry;
 - f) The bulk freezing, chilling or storage in cold storage of any article;
 - g) The generation of electricity where the electricity output is 10 megawatts or more or the facility covers an area in excess of 1 hectare;
 - h) Any process of testing or analysis;
 - i) The storage / parking, hiring/lease or sale of large plant and equipment but not excluding the storage of general household or residential goods.
2. Any premises on which bookkeeping, typewriting or any other clerical work, or amenities for people engaged in the operation or incidental to the industrial activity referred to in paragraph 1. Is performed.
3. Notwithstanding the provisions of 1-2 above, “factory” shall not include any premises which would fall under the definition of “Industry- Noxious”.

Industry – Noxious

means any industry, activity or undertaking, or any buildings or land used for any purpose, which:

- a) is, in terms of the Occupational Health and Safety Act No.85 of 1993, as amended, a “hazard” or “a danger or potential danger to public health”; and/or classified as a “major hazard installation”; and/or
- b) is used in connection with the carrying on of a “listed activity” as defined in the National Environmental Management: Air Quality Act No.39 of 2004 as amended, and requires an atmospheric emissions license issued in terms of the Act; and/or
- c) falls within the scope of the definition of “Explosive Manufacturing Site” under the Explosives Act 2003, No. 15 of 2003, as amended, whether such activity or undertaking or use of any building or land falls within the scope of the definition of Industry or not; and/or
- d) could be classified as a “Industry-Noxious” which is deemed to be offensive or harmful or injurious to public health, safety or physical well-being.

“Industry-Noxious” means the use of any building, land or other premises to conduct an activity/ies that is/are deemed to be noxious, offensive or harmful or injurious to public health, safety or physical well-being, such as:

- (i) Combustion installations;

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- (ii) Chemical, paint or dye works;
- (iii) Manure, superphosphate or fertilizer works or stores;
- (iv) Processing of animal matter, including fell monger, tanning and leather-dressing works, works or premises used for the storage, drying, preserving or otherwise dealing with bones, horns, hoofs or hides, knackers' yards, abattoirs, fat-melting or tallow-melting works and any similar works or establishment dealing with meat, fish, bones, blood, offal, horns, hoofs or other animal organic matter, fish canning works, bacon factories, sausage factories and similar works, gut-scraping works, tripe-cleaning or tripe-boiling works, etc.
- (v) Glue or sizing factories;
- (vi) Soap and candle works;
- (vii) Wood chipping, wattle-bark grinding or extracting works, including by-products recovery;
- (viii) Paper and pulp manufacturing, mills or factories;
- (ix) Sugar Mills and Sugar Refineries;
- (x) Metallurgical works such as smelters, etc.;
- (xi) Mineral processing, bulk storage and handling, including (but not limited to) coal, cement production, clamp kilns for brick production, lime production, glass and ceramic production, tar or bitumen production/mixture, etc.;
- (xii) Breweries, distilleries and yeast manufacturing plants;
- (xiii) Destructors or other works for the treatment of household refuse, hazardous or trade refuse, street refuse, sewage or "night-soil"; and
- (xiv) Petroleum industries, including the production and bulk storage of gaseous and liquid fuels, as well as petrochemicals from crude oil, coal, gas or biomass and other trade in connection with the processing of by-products or petroleum refining, but excluding a fuel filling station, truck stop or garage.
- (xv) Any industry or trade that by reason of fumes, gases, vapours, dust, smell, noise, vibration, or other causes, is deemed by the Municipality to be likely to become dangerous or harmful to the health, welfare, environment and amenity of the public.

Industry – Light

Means an industry in which the processes carried on or the machinery installed are of such nature that it could be carried out or operated without any detriment to amenity, engineering services or to health by reason of, inter alia:

- a) noise, vibration or glare;
- b) odour, gas, fumes or smoke;
- c) soot, ash, dust, grit or other particulate matter;
- d) radiation, fire or explosion hazards;
- e) electronic or electromagnetic interference;

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- f) heat or humidity;
- g) the discharge of any other vapour, gas, effluvium, liquids and solid matter; and/or
- h) causing undue load on any existing or proposed engineering services such as energy/water intensive uses.

Examples of “Light Industries” include panel beaters, enclosed spray painting booths with filtration systems, etc.

Industry – Salvage

Means the use of a building or buildings or the use of land for one or more of the following purposes:

- a) the storage, depositing or collection of scrap or waste material or articles whose value lies mainly or entirely in that of the material of which they are composed; and/or
- b) the dismantling of second-hand vehicles or machines for the purpose of recovering spare parts or material there from; and/or
- c) the storage or sale of second-hand pipes, poles, steel or other metal sections, wire, timber, bricks, other building material, tyres, vehicle parts, containers or other articles capable of being left in the open without serious detriment thereto and which is not deemed to be offensive or dangerous or injurious to the public health.
- d) Vehicle Impoundment.

Industry - Service

Means an enterprise which is:

- a) Primarily involved in the rendering of a service for the local community such as the repair of household appliances or the supply of household services; and
- b) Not likely to be a source of disturbance to surrounding properties;
- c) Not liable, in the event of fire, to cause excessive combustion, give rise to poisonous fumes or cause explosions; and
- d) Includes a builder’s yard / hardware store and allied trades, laundry, bakery, dairy depot, distribution centres, storage purposes (excluding Bulk Storage as defined in the Scheme), laboratories, grooming parlour, transport and cartage activities and a workshop or other area used for the repair, restoration, lubrication and/or service of motor or leisure vehicles and/or parts thereof and/or electrical and/or mechanical equipment and may include facilities such as service bays, grease pits and wash bays, but shall not include facilities for panel beating or spray painting.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Informal Trade Area	Means an area within which any small scale economic activity is permitted, provided that each operator occupies a defined space. Provided further that, notwithstanding anything stated to the contrary in these clauses, no specific provision shall apply to such area, unless considered necessary and so specified by Council.
Institution	<p>Means the use of land and buildings for the purpose of:</p> <ul style="list-style-type: none">a) a hospital, nursing home/ frail care facility for the elderly, sanatorium, clinic, convalescent home, step down facility or one or more such uses;b) an orphanage; orc) other public, private or welfare institutions and may include such buildings, within the same site, as are ordinarily and reasonable ancillary or necessary to the conduct of such institution, such as buildings for administrative purposes and for the residential accommodation of essential staff members; but expressly excludes buildings or activities falling within the scope of the definition of “Restricted Building”.d) A retirement village, intended for the accommodation or settlement of persons upon their retirement <p>It may include land uses such as a tuck shop, coffee shop and/or sport and recreation facilities associated with, but secondary to, the primary use of land and used exclusively by the residents of or visitors to the facility.</p>
Landfill Site	Means a disposal site where solid waste are buried between layers of dirt and other material in such a way so as to reduce contamination of the surrounding land.
Launderette	Means a building used for the purpose of washing and drying domestic clothing and household linen, where the machines used are electronically operated and quiet, and of the type of which processes each customer’s articles individually, and which may be operated by the customer for a fee or be dropped off and picked up. The washing media used shall be of a type that shall not cause harmful effluent to be discharged into the sewerage system. A launderette is differentiated from a laundry in that the customer cannot operate the machines used in a laundry.
Livestock	Livestock are domesticated animals raised in an agricultural setting that are kept or traded as a source of income.
Lodge	Means a building or group of buildings under single management containing both rooms and/or dwelling units available for temporary rental to transient individuals and may include services such as conference and recreational

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

	facilities, shop and Laundromat for the exclusive use of residents only and shall exclude a Place of Amusement.
Mariculture	As provided for under “Agricultural Industry” means the breeding of fish, shellfish and plants in sea water for commercial sale.
Marina Infrastructure	Means a building and/or structure – whether fixed or floating – used for and relating to the activities and daily operation of a marina/small craft harbour including, amongst others, boat launching facilities, craft and yacht mooring and refueling facilities, floating quays, boat sheds and maintenance yard, buoys and jetties.
Motor Vehicle Fitment Centre	Means a building or land used for the sale and fitting of exhausts, tow bars, radios, shock absorbers, tyres and other parts of automotive vehicles, but excludes the mechanical repair of the automotive vehicles.
Mobile Home Park	Means a site laid out and provided to the satisfaction of the Council with adequate roads, essential services, open spaces and communal facilities, intended for the accommodation of factory assembled self-contained dwelling units, each unit of which can be transported from the factory to the destination and which, when placed in position, whether on land or in water, is ready for occupation once the essential services have been connected.
Municipal Purposes	means purposes and land uses as the <i>Municipality</i> may be authorised to carry out in terms of its powers and functions and shall include all <i>Municipal Infrastructure Services</i> and <i>roads, Offices, libraries, landfill or recycling facilities, licensing centres, Clinics, workshops, Transport Depots, Electricity sub-stations, Sport and Recreation facilities, community halls, Thusong Centres etc.</i>
Night Club / Bar / Tavern	Means premises, more frequently than not open after 12am at night, that: a) provides entertainment (singing / dancing); b) is licensed to sell on-site consumption of liquor; and c) may provide eating facilities.
Nursery	Land and buildings used for the cultivation of grass, plants or trees for commercial purpose, and may include related and subservient uses such as offices. A nursery may provide for the retail sale of the cultivated products, gardening provisions, garden furniture or garden ornaments.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Office - General

Means an office building or a part of a building used for administration, clerical, technical, professional or similar business activities.

Office – Professional

An office used for conducting the profession or occupation of:

- a) an accountant, architect, consulting engineer, land surveyor, legal practitioner, quantity surveyor, town planner, bookkeeper, financial advisor, draughtsman or any other profession or occupation;
- b) Medical chambers, including the consulting rooms, surgery and dispensary of medical and dental practitioners and purposes ancillary thereto; paramedical chambers and consulting rooms and purposes ancillary thereto;
- c) a day-clinic or day-hospital in which patients may be treated on a day to day basis, but excluding a hospital, nursing home, sanatorium or similar institution to which patients are admitted for a continuous period in excess of fifteen hours and purposes ancillary thereto; and/or
- d) Prosthetic workshops for the manufacture and/or fitting of prosthetic devices such as spectacles and similar optometric devices, false teeth and similar orthodontic devices, hearing aids, artificial limbs and similar devices and purposes ancillary to such prosthetic workshops.

Professional offices are, in the opinion of Council, not likely to interfere with the amenities of the surrounding area.

Passive Open Space

Means land used for the sustainable open space system consisting of isolated and linked open space areas as part of a sustainable open space system and the municipality's environmental services.

Public Parking and Parkade

Means land or buildings used exclusively for the parking of motor vehicles, other than parking normally required in terms of the Scheme, at a fee or not, and may include an area for the administration of the parking use, carwash facility and ablution facilities and kiosks to accommodate uses such as flower, refreshments and newspaper sellers but shall not include "Industry-Salvage", "Public Garage" or "Automotive Showroom".

Place of Amusement

Means a building or land, or portion thereof, used for purposes of entertainment and includes a theatre, opera house, cinema, music hall, concert hall, dance hall, amusement arcade/park, theme park, water park, ice rink/skating rink, oceanarium, billiard saloon, and/or but

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

shall not include a horse racing track, motor racing circuit, sports arena / field; provided that a restaurant/refreshment kiosk may be permitted, at the sole discretion of Council, as an ancillary facility integral to the business defined as a place of amusement, and further subject thereto that such restaurant/refreshment kiosk shall cease to exist in the event that the place of amusement ceases to operate. A "Place of Amusement" expressly excludes a nightclub.

Place of Assembly

Means a building or buildings and associated use of land used for organised social meetings, gatherings, conferences, exhibitions and recreation and includes a non-residential club (including a refreshment kiosk/bar/restaurant for the exclusive use by members of the club, subject thereto that such bar/restaurant/refreshment kiosk shall cease to exist in the event that the place of assembly ceases to operate), but does not include a Place of Amusement and/or Place of Worship.

Place of Instruction

Means the use of a building/s and/or land for the promotion of knowledge to the community.

Place of Worship

Means a building or buildings and associated use of land used for religious purposes such as a church, chapel, oratory, synagogue, mosque, temple and/or other place of public devotion and may include, where such other building is within the same site and incidental to any of the first mentioned buildings, a place of religious education, administrative offices and/or other building/s used for purposes of religious and social interaction or recreation, including a coffee shop and tuck shop (limited to 20m²), but shall not include a Funeral Parlour.

Private Street

Means any street which is not a public street and which is normally not owned or maintained by the Municipality.

Private Recreational Use

Means sport and/or recreation facilities where access area may be reserved, such as a privately owned Golf Course, sports fields and clubs and associated sporting structures. It may include parking areas, club house, restaurant or shop facilities ancillary to such sport and/or recreational use.

Public Garage

Means a building, used for the fueling or storage of motor vehicles by way of trade or for purposes of gain and may include Automotive Showrooms, workshops, and facilities for the sale of fuels, lubricants, automotive parts, spares, accessories, and associated office. A convenience shop and car wash facilities could be allowed subject to the conditions as set out in the Scheme.

Public Office

Means a building used for purposes of Local, District, Provincial and/or National Government offices and includes a Town Hall, Court House, Police Station, Post Office, Public

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Library, Clinic and buildings ordinarily incidental thereto, but excluding an impoundment area.

Public Street

Means any street which:

- a) has been established by a local authority or other competent authority as a public street;
- b) has been taken over by or vested in a local authority as a public street in terms of any law;
- c) the public has acquired the right to use; or
- d) which is shown on a general plan or diagram of any private township situate in the area of a local authority filed in the Deeds Registry or the Surveyor-General's Office and to which the owners of erven or lots in such township have a common right of use.

Public Recreational Use

Means the use of Municipal-owned open space for enjoyment by the public, and may include playgrounds, botanical and zoological gardens, sport and recreational facilities and similar uses, and may include parking areas necessary for such use/s and a restaurant or shop ancillary to such sport and recreational uses.

Racecourse

Means the use of land and buildings for the racing of:

- a) motor powered vehicles including motorcars or carts, trucks, motorcycles, etc.; and
- b) animals.

Railway Infrastructure

Means land used for the transport of goods and passengers via rail and may include railway routes, facilities to park, maintain and maneuver railway vehicles and shunting / marshaling yards.

Recreational Building

Means a clubhouse, gymnasium, squash court, pavilion, change room, stadium and any similar facility used in conjunction with a sport or recreational activity. A clubhouse may include dining facilities and lounges.

It may include an open space or reserve which the public has a right to use and enjoy, and includes any ancillary facilities but excludes a commercial gymnasium, which is defined under "Shop".

Rental Units

Means a group of two (2) or more attached/detached dwelling units other than a dwelling house or boarding house, designed for human habitation with self-contained facilities such as kitchenette and/or ablutions and communal clothing dry yard.

Residential Building

Means a building other than a Dwelling House, Medium Density Housing, Chalets or a Hotel, used for human habitation together with such outbuildings, accessories and accommodation for bona fide domestic quarters and other

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

covered areas as are, in the opinion of the Council customary used therewith, and includes apartments, a block of flats, residential club or residential hostel and student housing. It may include land used for sport and/or recreation facilities associated with, but secondary to the residential use of land and used exclusively by the residents of dwelling units on the site, but expressly excludes any building mentioned in the definitions of Educational Building, Institution and/or Restricted Building.

Residential - Dwelling House

Means a free standing dwelling unit on a single erf, which does not form part of either Medium Density Housing or Chalets, used as a Dwelling Unit for a single family together with such outbuildings and as are customary used incidental therewith. It may include land used for sport and/or recreation facilities associated with, but secondary to the residential use of land and used exclusively by the residents of the dwelling unit on the site.

Residential - Medium Density

Means, a group of two or more attached or detached Dwelling Units, together with such outbuildings as are ordinarily associated thereto, each Dwelling Unit having access to an active open area and access to common land, the whole development having been designed as a harmonious entity.

It may include land used for sport and/or recreation facilities associated with, but secondary to the residential use of land and used exclusively by the residents of the dwelling units on the site.

Resort Development

Means a development that is designed as a harmonious entity and provides holiday accommodation in conjunction with recreation and other resort facilities. Particularly well-suited for family vacations, a resort offers a variety of experiences which may include self-catering or catered, detached or attached habitable accommodation, hotels, restaurants, conferencing, limited shopping, public entertainment areas, recreation such as golfing, sport, water sports, relaxation activities such as wildlife, wellness centres, hydro's and spa's and other similar facilities, and may include ancillary office, staff accommodation, parking and utility facilities.

Restaurant

As provided for under "shop" means a building used to prepare and sell food and drink for consumption on the premises, and where seating is provided for patrons, and may include limited entertainment. Restaurants are not frequently open after midnight.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Restricted Building

Means a building, buildings or land used exclusively for purposes of:

- a) a hospital, sanatorium, dispensary or clinic for the exclusive treatment of infections or contagious diseases;
- b) an institution or home for mentally disabled people;
- c) a mental hospital;
- d) a prison or other place of lawful detention;
- e) an industrial school, reformatory, place of safe keeping or other approved school; and/or
- f) a public or private assistance institution, building and/or land for people in despair, need or assistance.

Rooftop Telecommunication Infrastructure

Means a support structure attached to a roof, side or any other part of a building and used to accommodate Telecommunication Infrastructure for the transmitting or receiving of electronic communication signals.

Sanatorium

As provided for under “Institution” or “Restricted Building” means a building used for the treatment of chronic diseases or for medically supervised recuperation.

Service Workshop

Means a light industrial use of a building or land providing service direct to the retail customer, excluding a public garage. The sale of products, parts and or accessories related to but secondary to the particular industry shall be permitted but not any activity which is defined as a shop in the scheme.

Shop - General

Means a building used for the purpose of carrying on or conducting any retail trade or retail business where the primary purpose is the display and sale of goods by retail, and shall include inter alia,

- a) a hairdresser or barber;
- b) a ticket, booking or travel agency;
- c) a showroom other than an Automotive Showroom;
- d) a cafe, fast food outlet, restaurant, butchery, or other premises used for the sale or consumption of food and drinks;
- e) a dry cleaning or laundry depot or other similar premises for the reception of goods to be washed, cleaned, altered or repaired;
- f) an auction mart and book exchange;

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- g) a bottle store, hotel off-sales or other premises in respect of which a bottle liquor license or an off-consumption license is required;
- h) banking and other similar financial halls;
- i) a health club /commercial gymnasium or health studio, beauty parlour, slimming salons and/or a massage parlour; and
- j) ancillary buildings ordinarily incidental to the conduct of a retail business.
- k) Art gallery, photography studio.

Provided that shop expressly excludes:

- i. any activity or use of buildings or land falling within the scope of the definitions of Industry-General, Industry-Extractive, Industry-Salvage and Industry – Noxious;
- ii. a Public Garage or vehicle workshop;
- iii. businesses of a primarily wholesale nature;
- iv. gambling premises;
- v. a night club, bar and/or tavern; and
- vi. Spaza Shop / Tuck Shop.

Shop - Factory

Retail store, operated by a manufacturer, which provides an outlet for selling the manufacturer's irregular, overrun or end-of-season merchandise, and sometimes, in-season first-quality merchandise – but it shall exclude a "Shop". Although it is not always the case, outlet stores are often located on the premises of the factory, or close to the manufacturer.

Shop - Wholesale

A store that sells bulk merchandise, especially consumer goods, at a discount from the manufacturer's suggested retail price – no business of a general "Shop" nature may be conducted on the premises.

Solar Farm

As provided for under "Agricultural Industry" means land used to accommodate a large collection of interconnected photovoltaic / solar panels that work together to capture sunlight and turn it into electricity on a large scale.

Spaza Shop / Tuck shop

As provided for under "Home Business" means a small retail enterprises operating from a residential stand or home and engaged in the trading of convenience goods for the day-to-day needs of the public.

A tuck shop, limited to 20m² total floor area, may also be operated from certain non-residential land uses zones, as allowed for in terms of the Scheme.

Means a building type or use of land either not included in these definitions or used for any use other than a use for

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

which buildings or land, included in these definitions, may be used.

But shall exclude adult shop

Terminal - Airport/Airfield

Means land and buildings used to assemble and distribute passengers and goods via air, including uses specifically related to the functioning of the airport or airfield at Council's sole discretion. It may include facilities to park, maintain, fuel and maneuver planes, airport operations, associated offices, warehousing and distribution facilities for goods and luggage, parking areas/parkades for the parking of vehicles, vehicle hire facilities, training facilities, facilities for the comfort and recreation of passengers while waiting such as restaurants and shops.

Terminal – Intermodal Facility

Means the use of land and/or buildings at public transport facilities such as bus / taxi ranks for the purposes of dropping off and collecting passengers by public and private bus services and mini bus and metered taxis, and may include parking areas, shelter and seating for passengers, a ticket office, offices ancillary to the management of a bus or taxi rank, an informal trade area and ablution facilities.

Terminal - Passenger Liner

Means land and buildings used to assemble and distribute passengers and goods via sea, including uses specifically related to the functioning of a passenger liner facility at Council's sole discretion. It includes facilities for the operation of a passenger liner facility, customs control area/s, associated offices, distribution facilities for goods and luggage, parking areas/parkades for the parking of vehicles, vehicle hire facilities and facilities for the comfort and recreation of passengers while waiting such as restaurants and shops.

Terminal - Railways

Means a terminal building used to assemble and distribute goods and passengers via rail. It may include railway routes, facilities to park, maintain and maneuver railway vehicles, warehousing of goods, a railway station, parking areas/parkades for the parking of vehicles, vehicle hire facilities, facilities for the comfort and recreation of passengers while waiting such as restaurants and shops, waiting and resting areas, internet café, etc.

Terminal – Truck

Means a building or premises in which, or upon which, a business, service, or industry is conducted mainly involving trucks or similar heavy commercial vehicles, and may include:

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- a) the dispensing of motor fuel or other petroleum products, including associated office and storage areas;
- b) the temporary parking of trucks or similar heavy commercial vehicles;
- c) the cleaning, maintenance, servicing, or minor repairs of trucks or commercial heavy vehicles, but excluding panel beating and spray painting.

Tuition Centre

Means a low scale private educational centre that offers tuition in various subjects and preparation for specific tests and examinations on freestanding dwelling unit provided by the owner or operator who resides on the premises and which accommodates not more than 10 learners per session.

Truck Staging

Means premises used as a temporary parking of trucks, which includes administration office, ablution facility and bathroom/s but excludes the dispensing of motor fuel or other petroleum products.

Truck wash Facility

Means a building, structure or land used for the washing and cleaning of trucks on certain land use zones as per the Scheme.

Utilities Facility

Means land or buildings used for the provision and maintenance of essential infrastructural services such as service roads, rail, sewer, water, electricity, gas, telecommunications infrastructure, public lighting and stormwater control and other services deemed necessary by the Council, and may include a water reservoir, waterworks, electrical substation, telephone exchange, postal collection points, weigh bridge, servitudes for the provision of services and conveyers, etc. Sewage treatment works, macerator stations and refuse sites shall be defined as a “Industry-Noxious” in terms of the Scheme.

Vehicle Testing Station

Means the registered use of land and/or buildings by a registering authority for determining the fitness of vehicles to utilise the public road system, in line with the provisions of the National Road Traffic Act, 1996.

Veterinary Purposes

Means the use of land and/or buildings for medical treatment of domestic animals, and the short-term boarding of animals incidental to the hospital use. It may include a grooming parlour and retail outlet restricted to the sale of veterinary and animal maintenance products. Subject to the

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

approval of the Council, the facility may include the treatment of any other animal.

Warehouse

Means a building that is used primarily for the temporary storage of products and/or goods, except those of an offensive or dangerous nature, and does not include a building or part thereof intended or used, in the opinion of the Council, for retail or wholesale purposes.

Warehousing of products or goods of an offensive or dangerous nature shall be defined under “Industry- Noxious”. Open-air bulk storage shall be defined under “Bulk Storage” in terms of the Scheme.

Waste Transfer and/or Recycling Centre

An area of land, with or without buildings, that may be licensed under relevant legislation for the temporary accumulation and storage of more than 35m³ of garden, recyclable domestic and industrial waste and which may include the separation and processing of domestic and industrial waste materials for eventual reuse or final disposal at a landfill site.

Waste Transfer and/or Drop-off Station

Means land that may be licensed under relevant legislation to accumulate and temporarily store no more than 35m³ of garden and recyclable domestic and industrial waste before it is transported to a recycling, treatment or waste disposal facility.

Wind Turbines

As provided for under “Agricultural Industry” means land and structures or buildings used to generate electricity by wind force. It does not include:

- a) turbines principally used to supply electricity for domestic or rural use of the land; or
- b) an anemometer.

Workshop

Means land used or a building designed or used for the purposes of retail or services regarding goods that are wholly or partially manufactured, processed, mounted or repaired on the property.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

	3. PART C: APPLICATIONS	
--	--------------------------------	--

3.1 BUILDING LINES

3.1.1 STREET BUILDING LINES

- a) All erven, except where otherwise stated, shall be subject to a street building line as outlined in this Scheme for each land use zone.
- b) Development along national and provincial roads shall comply with the standards set down in the KwaZulu-Natal Roads Act, 2001, (Act No. 4 of 2001), as amended, and the South African National Roads Agency and may not be relaxed by the Council, without the consent of the relevant roads authority. The street building line restrictions are generally as follows:
 - a) National Roads: 20m measured from the edge of the road reserve boundary, subject also to any title deed restriction.
 - b) Provincial Main and District roads: 15m measured from the edge of the road reserve boundary.
 - c) Un-surveyed Main Roads: 30m measured from the centre line of the road.
 - d) Un-surveyed District Roads: 25m measured from the centre line of the road.
- c) Where a street building line is laid down, no building other than boundary walls, fences, pergolas or architectural and garden features, shall be erected between the building line and the street line. Where a new road or road widening is required, the building line is to be set back so as to take into consideration any such new road or widening.

3.1.2 STREET BUILDING LINE RELAXATION

3.1.2.1 The Council may, in its discretion and if the same is endorsed by the adjacent property owners or alternatively by Consent, relax the building line if:

- a) the architectural effect will enhance the appearance of the street and contribute to public amenity;
- b) on account of the siting of existing buildings already located in front of the building line, or the shape, size or levels of the Erf, the enforcement of these controls will, in the opinion of the Council, render the development of the Erf unreasonably difficult; and
- c) any other special circumstances as determined by the Council.

3.1.2.2 The following relaxations will not be permitted:

- a) single storey structures closer than 4.0 meters of the street building lines applicable to residential zoned erven 600 square metres and larger, and 2,0 metres on residential zoned erven

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

smaller than 600 square metres for any habitable room (such as a patio, lounge, bedroom, etc.); and

- b) double storey structures not closer than 3 metres of the street building line applicable to residential zoned erven irrespective of the erf size for any habitable room (such as a patio, balcony, staircase, lounge, bedroom, etc.)

3.1.2.3 The Council may, in its discretion, permit in any zone any building to be erected closer to any boundary than the distance specified in these clauses if on account of the siting of existing buildings or the shape, size or levels of the Erf, the enforcement of these controls will, in the opinion of the Council, render the development of the Erf unreasonably difficult. In considering any application under this clause the Council shall have due regard to any possible detrimental effect on adjoining properties.

3.1.2.4 Notwithstanding the provisions of the above clauses and in the case of swimming pools, the building line may be relaxed at the discretion of the Council to no less than 1 metre; provided that where a pool is to be constructed so that any portion of it is within 5 metres of a road boundary such pool shall be screened to the satisfaction of the Council.'

3.1.3 SIDE AND REAR BUILDING LINES

- a) No relaxation to the boundary will be permitted on both sides of the property, unless either one side enjoys access to the area of the property.
- b) All erven, except where otherwise stated, shall be subject to a 2 meter side and rear building line restriction.
- c) No multiple storey building can be relaxed to the boundary.

3.1.3.1 SIDE AND REAR BUILDING LINE RELAXATION

3.1.3.1.1 The Council may authorise the erection of single storey main building or outbuildings on the side and rear boundaries provided the owners of properties contiguous to the affected boundaries have indicated in writing that they would have no objection to such authorization.

3.1.3.1.2 The Council may, in its discretion, permit in any zone any building to be erected closer to any boundary than the distance specified in these clauses if on account of the siting of existing buildings or the shape, size or levels of the Erf, the enforcement of these controls will, in the opinion of the Council, render the development of the Erf unreasonably difficult. In considering any application under this clause the Council shall have due regard to any possible detrimental effect on adjoining properties.

3.1.3.1.3 Where access to parking courts is required, the side building line of affected erven shall be calculated from the boundaries of such access road.

3.1.3.2 REFERRAL OF STREET, SIDE AND REAR BUILDING LINES TO THE KING CETSHWAYO JOINT MUNICIPAL PLANNING TRIBUNAL

3.1.3.2.1 Where the adjacent neighbour/s refuse to signed neighbours consent form or he/she cannot be traced for more than 15 days from the date, the Applicant is advised to obtain the neighbours consent, the application will be referred to the King Cetshwayo Joint Municipal Planning Tribunal

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

for consideration. The Applicant to provide proof in writing that he/she has tried to obtain neighbours consent, such proof can be in the form of any electronic communication.

3.1.3.3 LAPSPING OF STREET, SIDE AND REAR BUILDING LINES APPLICATIONS

3.1.3.3.1 Council may inform the Applicant in writing of its decision to lapse the incomplete application within 30 days from the date of the letter if the Applicant does not submit the outstanding documents.

3.1.3.3.2 The notice to lapse the application will be served in accordance with Section 96 (1) of the municipal Spatial Planning and Land Use Management Bylaw

3.2 PARKING RELAXATION

3.2.1. RELAXATION OF PARKING REQUIREMENTS

3.2.1.1 Subject to its approval or consent thereto being sought in writing, the Authorised Official delegated in terms of Spatial Planning and Land Use Management Act may relax the parking requirements imposed:

- a) in respect of where employees utilize public transport;
- b) dependent of the nature of land use, clientele and staff and/or
- c) a mixed use development which does not utilise parking use concurrently

3.2.1.1.1 The Authorised Official delegated in terms of Spatial Planning and Land Use Management Act may relax the parking bay requirement to a maximum of 25% upon consideration of circumstances.

3.2.1.1.2 The Authorised Official delegated in terms of Spatial Planning and Land Use Management Act may at his/her discretion grant parking relaxation up to the maximum of 2 parking bays deficit without formal application upon consideration of circumstances.

3.2.1.1.3 The terms "Parkade" and "Parking Area" in respect of any specific Use Zones shall not be deemed to restrict or prohibit the provision of parking required to be provided in terms of this Clause nor shall such inclusion be deemed to absolve any person from due compliance with the provisions of this Clause.

3.3. CONSENT APPLICATION

3.3.1 APPLICATION FOR THE CONSENT OF THE COUNCIL

3.3.1.1 "Consent" of the Council shall mean the granting of an application after compliance with a procedure as set out in legislation.

3.3.1.2 A consent use is restricted to the land use applied for and shall not be construed to be consent for all land uses listed under the relevant Land Use Control Table, unless stated otherwise.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- 3.3.1.3 A consent use granted by Council must differentiate between an approval granted for:
- a) a stand-alone land use; or
 - b) a land use which is to be operated in addition to a primary use.
- 3.3.1.4 Council may direct an applicant to rather apply for rezoning instead of consent in cases where, in the opinion of Council, the use will be better regulated by means of a land use zone instead of granting its consent.
- 3.3.1.5 The following land uses may be approved via consent under any zoning, whether it is listed under the relevant Land Use Control Table or not:
- a) Special Use (i.e. a use that is not defined in this Scheme);
 - b) Utilities Facility, excluding any use which may be defined as “Noxious Industry” in terms of the Scheme.
- 3.3.1.6 A consent may be transferred to another duly authorized person through an application, and approval is at the Council’s discretion.

3.4 CANCELLATION OR MODIFICATION OF COUNCIL’S CONSENT

- 3.4.1 Any owner of land may inform the Council in writing to cancel its consent;
- 3.4.2 The Council may modify its consent subsequent to the granting thereof if, in the opinion of the Council, any condition/s subsequent to which the consent was granted should be amended, deleted or additional conditions should be added.
- 3.4.3 The Council may render void or withdraw its consent or in writing and subsequent to the granting thereof if, in the opinion of the Council:
- a) any conditions subsequent to which the consent or were granted, are not complied with;
 - b) where any building or work referred to in any such consent or has not been substantially commenced within a period of 18 months or where an appeal has been lodged, within a period of 18 months from the date of notification of the outcome of such appeal;
 - c) such use has been discontinued or interrupted for a continuous period of 18 months or longer;
 - d) the premises is not continuously used for residential purposes in addition to the consent use granted, where it is a condition of approval to do so; and
 - e) the land use constitutes a nuisance or it is found that there is interference with the amenities of the neighborhood arising from the use of land.
- 3.4.4 upon the lapsing or rendering void or withdrawal of a consent in terms of Clause 3.4.
- a) the practice of any consent use approved shall cease upon the relevant premises within a period (30 days) to be determined by the Council, provided that such period shall not exceed six months from the date on which such consent lapsed, was rendered void or was withdrawn;
 - b) the Council may direct the owner of land to demolish structures and/or restore and/or alter buildings erected to conform to a relevant primary or permitted use

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

granted on the site. Costs associated with such building work will be on the account of the owner of land.

3.5 LAPSING OF CONSENT APPLICATION

- a) Council may inform the Applicant in writing of its decision to lapse the application within 30 days from the date of the letter if the Applicant does not submit the requested documents.
- b) The notice to lapse the application will be served in accordance with Section 96 (1) of the municipal Spatial Planning and Land Use Management Bylaw.

	4. PART D: GENERAL CONTROL/ERF CONTROLS	
--	--	--

4.1 GENERAL CONTROLS

4.1.1 PROVISIONS APPLICABLE TO DESIGN AND DEVELOPMENT OF SITES

4.1.1.1 GENERAL MATTERS FOR CONSIDERATION DURING SITE DESIGN AND DEVELOPMENT

4.1.1.1.1 DEVELOPMENT PLANS

4.1.1.1.1.1 The Council may from time to time, for the purpose of the co-ordinated allocation of land, use rights and restrictions as contemplated in this Scheme and as a requisite for development:

- a) compile development plans in respect of specific areas; and/or
- b) instruct a prospective developer to submit to the Council, within a specified period of time, development plans in respect of a specific area.

4.1.1.1.1.2 Any detail Development Plan Proposal, as may be requested by the Council shall acknowledge recommendations stemming from previous research conducted at and /or guidelines adopted by the uMhlathuze Municipality.

4.1.1.1.1.3 The Council may require that development plans provide for specialist studies and approvals, the design and layout proposals and a program of development. Such development plans may serve as an annexure to the Scheme or as a Management Overlay, but except where the Council has formally resolved thereupon, shall not in any manner whatsoever be deemed to be a part of the Scheme.

4.1.1.1.2 RESTRICTION ON AREAS LIKELY TO BE SUBJECT TO FLOODING, GEOTECHNICALLY CONSTRAINED AREAS AND STEEP SLOPES

4.1.1.1.2.1 Where, in the opinion of Council, a site may be restrained from a flood, geotechnical or slope perspective, the Council may request the developer to undertake a site specific floodline, geotechnical and / or slope assessment prior to or in conjunction with a development application.

4.1.1.1.2.2 The Council may prohibit or restrict the erection or use of any building or the development or use of any land, where the site is situated below the 1 in 100 year floodline. Development of such site

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

may further be subject to approval and/or restrictions in terms of the National Water Act (Act No. 36 of 1998) and its Regulations, as amended.

4.1.1.1.2.3 The Council may prohibit or restrict the erection or use of any building or the development or use of any land, which, in the opinion of Council, is likely to be restrained from a geotechnical perspective.

4.1.1.1.2.4 Development on slopes steeper than 18 degrees is not recommended. Where developers/consultants provide for development on steep slopes, a detailed geotechnical assessment would be required to specify recommendations regarding slope stability, storm water management and erosion control measures, founding conditions and other factors to be considered.

4.1.1.1.3 RESTRICTION ON ENVIRONMENTALLY SENSITIVE AREAS

4.1.1.1.3.1 Council's Environmental Services Management Plan was developed as a planning tool in order to protect sensitive areas and to retain ecological functioning of an area. The Council may therefore prohibit or restrict the destruction of environmentally sensitive areas identified in terms of the aforementioned plan, whether such transformation is authorized by another sphere of government or not.

4.1.1.1.4 RESTRICTION ON AREAS THAT MAY BE SUBJECT TO POLLUTION

4.1.1.1.4.1 Council's Air Quality Buffer Areas were developed as a planning tool to limit the impacts of air pollution on the health and well-being of its residents and visitors. The Council may therefore prohibit or restrict the development within areas which would result in additional air pollution load within the areas identified in terms of the aforementioned buffers, whether such transformation or development is authorized by another governmental department or not.

4.1.1.1.4.2 No industrial development or industrial expansion that may emit certain criteria air pollutants, or fractions thereof, shall be allowed within the "Potential Health Impact Buffer Zone" as adopted by Council. Criteria pollutants include Sulphur Dioxide (SO₂) and inhalable particulates (PM₁₀) and may include other pollutants suspected of impacting on the health and well-being of people. The location of an industry/development area which falls partly within the Potential Health Impact Zone and partly within another Zone, shall be deemed to fall within the Potential Health Impact Zone.

4.1.1.1.4.3 No industrial development or industrial expansion that may emit certain criteria air pollutants shall be allowed within the "Alert Zone", as adopted by Council, without first making use of an air quality model acceptable to Council, at the developer's own cost, to predict how emissions would influence the Buffer Zones or the cumulative effect of air pollution. The outcome/s of the modelling would determine whether the proposed location for industrial development is acceptable or not. Criteria pollutants include Sulphur Dioxide (SO₂) and inhalable particulates (PM₁₀), and may include other pollutants suspected of impacting on the health and well-being of the public. The location of an industry/development area which falls partly within the Alert Zone and partly within another Zone, other than the Potential Health Impact Zone, shall be deemed to fall within the Alert Zone.

4.1.1.1.4.4 Where industrial development that may emit certain criteria air pollutants is proposed to take place within an area that is not affected by an Air Quality Buffer Area, but such proposed development area is within 500 meters of an existing Air Quality Buffer Area, Council may direct the developer to follow the process as set out in Clause 4.1.1.1.4.3 above.

4.1.1.1.4.5 The provisions of Clause 4.1.1.1.4.2 to 4.1.1.1.4.4 may be relaxed at the sole discretion of Council, subject to:

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- a) the recommendations of an air quality / pollution study conducted by an independent specialist consultant acceptable to Council, and at the developer's costs, to prove that criteria pollutants will not have a negative impact on ambient air quality standards or on the health and well-being; and/or;
- b) recommendations by the relevant authority responsible for compliance with the National Environmental Management Air Quality Act, 2004 (as amended); and/or;
- c) the industry complying with the requirements of the National Environmental Management Air Quality Act, 2004 (as amended); and
- d) the issuing of a certificate by the Municipal Manager, upon recommendation by the Deputy Municipal Manager responsible for Environmental Health matters and the Deputy Municipal Manager responsible for Planning matters, stating that Clauses 4.1.1.1.4.2, 4.1.1.1.4.3 and/or 4.1.1.1.4.4 may be relaxed based on the outcomes of (a) – (c) above.

4.1.1.1.4.6 All activities shall comply with Council's relevant Waste and Water Services Bylaws.

4.1.1.1.4.7 Any activity conducted on land zoned or used for industrial purposes, and which is deemed to be offensive or dangerous or injurious to the public health, shall *inter alia* be dealt with in terms of Council's Bylaws. Council reserves the right to consider these types of activities as a "Industry-Noxious", as defined in the Scheme.

4.1.1.1.5 UN-SERVICED AREAS

4.1.1.1.5.1 Costs associated with the provision of additional services and the payment of bulk engineering services contributions will be for the account of the developer/owner/applicant, or as per the written agreement reached between the developer/owner/applicant and Council.

4.1.1.1.5.2 The Council may prohibit or restrict, whether wholly or partially and either indefinitely or for a period to be determined by the Council, the erection of any building or the development or use of any land in any undeveloped part or parts of the area of the Scheme pending the extension thereto of streets, sewer, water, electricity or other essential public services.

4.1.1.1.5.3 The owner of un-serviced land who desires to commence with any building operations on such portion of land and which would contravene Clause 4.1.1.1.5.2 above may apply to the Council for its approval of the carrying out of the operations specified in the application. In these cases, all costs associated with the provision, extension or upgrade of bulk, link and internal services shall be for the account of the applicant.

4.1.1.1.6 ROADS, ACCESS, SURFACES AND DRAINAGE

4.1.1.1.6.1 Road design shall consider any applicable Road Framework Plan/s and relevant standards set by Council.

4.1.1.1.6.2 Vehicular ingress to and egress from any Erf or Site, from and to respectively, the Public Street System, shall be located, constructed and maintained to the satisfaction of the Council. Approval of the number of vehicular access points shall be at the sole discretion of the Council.

4.1.1.1.6.3 All surfaces accessible by vehicles shall be hardened and permeable and maintained in a dust free condition to the satisfaction of the Council.

4.1.1.1.6.4 The drainage of the site and arrangements and methods for the disposal of waste- and stormwater shall comply with Council's relevant Waste and Water Services Bylaws.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

4.1.1.1.6.5 Stormwater and wastewater control measures shall be implemented to avoid polluted water and run-off from entering the natural system. The installation of the necessary pollution control mechanisms, such as grease traps, etc. may be required and shall be undertaken to the satisfaction of Council.

4.1.1.1.7 TRAFFIC GENERATING SITES

4.1.1.1.7.1 Council may, at its sole discretion, request the submission of a Traffic Impact Assessment to determine the impact that a development may have on the existing and future road networks.

4.1.1.1.7.2 Such assessment shall include any issues that Council may deem relevant, such as an assessment of pedestrian movement, the impact of the development on Public Transport Systems, road improvements, etc.

4.1.1.1.7.3 The outcomes of such assessment shall be implemented at the Developer's cost.

4.1.1.1.8 WASTE MANAGEMENT

4.1.1.1.8.1 On-site waste management shall be subject to Council's Solid Waste Bylaws.

4.1.1.1.8.2 The storage of waste other than domestic waste must consider the risks associated with the storage of dangerous / hazardous goods, and implement safety provisions specified in terms of relevant legislation and SABS standards specifications and codes of practice.

4.1.1.1.9 PROVISION OF PUBLIC FACILITIES

4.1.1.1.9.1 The Council may direct a developer to provide any public facilities it may deem necessary for the development as informed by:

- a) Guidelines for Human Settlement Planning and Design, published by the CSIR (the "Red Book" guidelines);
- b) Guidelines for Planning Community Facilities in Kwazulu-Natal;
- c) this Scheme;
- d) Engineering Standards; and/or
- e) any plans or policies developed by the Municipality.

4.1.1.1.9.2 A minimum of 25% of land in a residential development should account for usable open space areas, depending on factors such as population density and proximity to natural open space and to the satisfaction of Council. Council may exclude open space areas from this calculation that cannot easily be accessed or utilized by the public, such as floodline areas, densely vegetated areas, steep slopes, services servitudes, etc.

4.1.2 SITE SPECIFIC DESIGN

4.1.2.1 SITE DEVELOPMENT PLANS

4.1.2.1.1 The Council may from time-to-time for the purpose of the coordinated allocation of land use rights and restrictions as contemplated in this Scheme and as a requisite for development, instruct

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

prospective owners/developers to submit within a specified period of time to Council site development plans in respect of a specific area.

4.1.2.1.2 Any Site Development Plan shall, must to the satisfactory of Council, acknowledge recommendations stemming from the Municipality..

4.1.2.1.3 The Site Development Plan shall amongst others provide for but not be limited to:

- a) a to-scale drawing of the site/s, building lines applicable, town planning bulk factors and controls (Floor Area Ratio, Coverage and Height factors), existing services, existing and proposed servitudes, contours, stormwater disposal data; stormwater management plan (as advised by the municipality), etc.
- b) the design and layout of proposals including details as to the functioning thereof;
- c) a programme of development;
- d) an Environmental Management Plan;
- e) landscaping proposals;
- f) details of and programme for the provision of essential services including storm water, sewerage disposal, pollution control, electricity and solid waste disposal;
- g) traffic engineering details on the vehicular and pedestrian elements thereof, their implementation and management;
- h) details as to the project management ownership, mechanisms, control and monitoring through construction phases till project completion;
- i) energy efficiency measures
- j) any other additional information if so required by Council.

4.1.2.2 GENERAL PROVISIONS APPLICABLE TO SITE DESIGN

4.1.2.2.1 In the absence of any specific planning guidelines, the “Guidelines for Human Settlement Planning and Design, published by the CSIR (the “Red Book” guidelines)” shall apply.

4.1.2.2.2 The Council may request any specialist study it may deem necessary to inform its decision regarding a planning application.

4.1.2.2.3 The siting of any buildings, access and structures intended to be erected or the development or use of any land shall take due cognisance of efficiency of resource use, quality of place, movement and connectivity, sustainability, crime prevention through environmental design and other design elements to the satisfaction of the Council.

4.1.2.2.4 The siting of any buildings access and structures intended to be erected or the development or use of any land shall be subject to the approval of the Council and persons intending to erect buildings or use land shall, before commencing, apply to the Council for approval of the siting, use or development.

4.1.2.2.5 In respect of any application to develop an Erf, the Council may, if it deems fit:

- a) determine the position and number of vehicular or pedestrian points of access;

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- b) prevent or encourage pedestrian or vehicular access across any boundary or boundaries and require that a suitable fence, wall or other measures be erected or implemented to prevent or encourage such access;
- c) require buildings to face onto the street frontage;
- d) require buildings to face onto open space areas to increase surveillance;
- e) require provision of utility areas such as refuse collection points, washing line areas, storage and loading areas, etc.;
- f) require the provision of screens to screen off unsightly areas;
- g) prescribe buildings to face north-east or prescribe minimum distance between buildings to allow for adequate solar access;
- h) require landscaping, security measures and adequate lighting of the site; etc

4.1.2.3 ACCESS AND DRIVEWAYS

4.1.2.3.1 No residential site may have more than 2 driveways, of which the first one is freely permitted and the second one is permitted through Council's approval.

4.1.2.3.2 The width of a driveway may not be in excess of 4.3m

4.1.2.3.3 Driveways on the bend are completely prohibited

4.1.2.4 ADDITIONAL MATTERS FOR CONSIDERATION DURING SITE DESIGN AND DEVELOPMENT – SUBSTANTIAL DEVELOPMENTS

4.1.2.4.1 For the purposes of this Clause, a substantial development shall be defined as any large residential, industrial or other development which, in the opinion of Council, requires the consideration of a design concept report prior to the finalization of a Site Development Plan.

4.1.2.4.2 Applications for the development of substantial developments shall be preceded by the submission of a design concept report, which is to be approved by the Municipality.

4.1.2.4.3 The purpose of a design concept report is for the parties to agree on the concepts and standards which are to be used during the planning and layout phase of the project.

4.1.2.4.4 The design concept report should cover design aspects relating to all land uses, but in particular relevant aspects relating to:

- a) Key natural features of the development (such as views, wetlands and floodlines, biodiversity, etc.) and how the development aims to enhance and protect these features and, where relevant, give access to these features;
- b) What the development aims to achieve, the size of the development, size and timing relating to phasing, affordability criteria, etc.;
- c) Access to the development (creating a "sense of arrival") and safety and security measures to be addressed through design;

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- d) Movement within the development and between developments, including pedestrian and traffic movement throughout the development, open spaces and linkages between open spaces, the road network, road standards, traffic calming measures and public transport routes/stops/facilities;
- e) Where necessary, the provision of community facilities (in order to create a “sense of place and community”) and opportunities for work, recreation, shopping, etc. Should these facilities not be included as part of a design, an assessment of access to these facilities should still be included, describing the closest facilities that would be available to the community; and
- f) The impact of the development on existing bulk and link engineering services.

4.1.2.5 SUB-DIVISIONAL DESIGN STANDARDS

- 4.1.2.5.1 Land within the area of the Scheme shall not, except where it is deemed by the Council to be in the public interest to do so, be subdivided in any way or manner whatsoever so as to deprive any subdivided portion of land direct vehicular access to the public street system.
- 4.1.2.5.2 Land within the area of the Scheme shall not, except with the approval of the Council and then subject to any relevant provision of the Scheme, be subdivided in any way or manner whatsoever so as to create an erf:
 - a) which is, in the opinion of Council, significantly smaller than the surrounding properties;
 - b) smaller than the minimum prescribed erf size for each category of erven in terms of the Scheme. The minimum prescribed extent of an erf shall exclude an access way in the case of “hatchet-shaped” erven;
 - c) which is zoned for agricultural use and where the proposed subdivision may impact on the ability of the land to sustain agricultural production, except with the prior consent of the National Department of Environment, Forestry and Fisheries.
- 4.1.2.5.3 The ratio of street frontage to depth of a site shall be to the satisfaction of the Council and shall not exceed a ratio of 1:3 except under special circumstances related to topographical or layout consideration or the shape of the Erf.
- 4.1.2.5.4 A site of irregular shape shall be capable of containing within its boundaries a rectangle, the ratio between the width and length of which shall not be less than 1:3 and which shall have an area of at least 50% of such Site, or the minimum prescribed area of a Site, whichever is the greater.
- 4.1.2.5.5 Points of ingress to and egress from an industrial site to and from the public street system, respectively, shall be located, designed, constructed and maintained to the satisfaction of the Council.
- 4.1.2.5.6 In cases where access from any subdivided portion of land to the public street system is via an access strip or access road (so-called “Panhandle” or “Hatchet-shaped” erven):
 - a) the area of the Site, for the purposes of the Scheme, does not include the area of such access strip or road;

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- b) such access strip or road not exceed 35 metres in length, provided that the Council may, under exceptional circumstances and at its sole discretion, approve a maximum length in excess of 35 metres;
- c) such access strip or road giving access to the site shall have a minimum width of:
 - (i) not less than 4 metres; or
 - (ii) 10 metres in the case of an erf that would give access to larger vehicles such as trucks.
- d) the access strip or road at all times be kept in a dust free condition and be maintained to the satisfaction of the Council; provided that, if so required by the Council, such access strip or road shall be hardened, surfaced or paved to the satisfaction of the Council.

4.1.2.5.7 An application for the subdivision of agricultural land which is subject to the Subdivision of Agricultural Land Act (Act 70 of 1970) shall be accompanied by a consent issued by the relevant Department in terms of this Act. In general, subdivision of agricultural land shall not impact on the viability of the land to be utilized for agricultural purposes.

4.1.2.6 PERMANENT CLOSURE OF STREETS AND PUBLIC PLACES

4.1.2.6.1 An applicant may apply to Council for the permanent closure of a public place or public street.

4.1.2.6.2 In respect of an application for the permanent closure of a public place, the Council may direct an applicant to:

- a) Undertake an assessment of the likely impact that such permanent closure may have on access to public places, i.e. an assessment of the “Guidelines for Human Settlement Planning and Design, published by the CSIR (the “Red Book” guidelines);
- b) Direct an applicant to replace a public place and/or pay compensation to Council in order to develop existing open spaces and/or replace the public place.

4.1.2.7 EXTERNAL APPEARANCE AND APPROVAL OF BUILDINGS

4.1.2.7.1 The character, design and external appearance of buildings, and boundary walls, including the material used in their construction, shall be subject to the approval of the Council and in accordance with uMhlathuze Aesthetic Bylaw, and no building may be erected without the approval of the Council.

4.1.2.7.2 When considering any application, the Aesthetics Committee shall have regard to the character of the locality in which the building is proposed to be erected and shall take into account whether or not the building will be injurious to the amenities of the locality by reason of its external appearance or the materials which are to be used.

4.1.2.7.3 In considering any application, it shall be the duty of the Council to ensure, wherever it is considered appropriate, that adequate provision is made for solar access, the use of solar or other alternative energy sources and energy and water efficiency measures, the preservation of indigenous flora, the planting or replacement of trees and the protection of water-courses, etc.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- 4.1.2.7.4 Any person intending to alter, extend or erect a building shall submit such drawings as are required by the Council together with whatever other indications the Council may require.
- 4.1.2.7.5 The Council shall approve the application either unconditionally or subject to such conditions as it may deem fit, or it may refuse to grant the application on the grounds that the external appearance of such building is unacceptable.
- 4.1.2.7.6 The approval by the Council of the design and external appearance of the proposed buildings, additions or alterations shall not be deemed to be an approval in terms of any other provisions of the scheme or of the Building Bylaws/Regulations, which approval shall first be applied for and obtained before any building work is commenced with.

4.2 PROVISIONS APPLICABLE TO THE USE OF SITES

4.2.1 DEPOSITING OF WASTE MATERIAL

No land in any use zone may be used for the purpose of the deposit or disposal of waste material or refuse, tipping, dumping, scrap yard, used car lot, or any other similar purpose until the owner or his/her duly authorised representative has applied for and received the written approval of the Council or other relevant authority.

4.2.2 WELLS AND BOREHOLES

No wells or boreholes shall be sunk on any land within the area of the Scheme, nor any subterranean water extracted therefrom without the prior approval of the Council.

4.2.3 ADVERTISING

Any person wishing to display an advertisement must first submit a written application to the Council for consideration and approval in terms of the Municipality's Outdoor Advertising Signs Bylaw.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

5. PART E: LAND USE ZONE CATEGORIES		
5.1 ZONE CATEGORY: AGRICULTURE		
5.1.1. ZONE: AGRICULTURE 1		
STATEMENT OF INTENT: A zone that provides for land and buildings where the primary activity is both intensive and extensive agricultural production of crops, livestock or products.		
PERMITTED USES	CONSENT USES	PROHIBITED USES
<ul style="list-style-type: none"> • Additional Dwelling Unit • Agricultural Building • Agricultural Land • Heritage Purposes • Homestead • Hotel • Municipal Purposes • Place of Instruction • Plantations • Private Street • Residential - Dwelling House • Shop - General – (To be limited to 250m²) • Utilities Facility (excluding free standing telecommunication infrastructure) • **Rooftop Telecommunication Infrastructure 	<ul style="list-style-type: none"> • Agricultural Industry • Arts and Crafts Workshop • *Bed and Breakfast Establishment /Guest House • Camping and Caravan Park • Chalet Development • Conservation Purposes • Educational Building • Farm Stall • Impoundment Area (Animals Only) • Industry – Extractive • Industry – Noxious (Limited to Abattoir Only) • Institution • Lodge • Mobile Home Park • New Servitude, 15m or Wider • Place of Worship • Private Recreational Use • Public/Private Street • Racecourse • Railway Infrastructure • **Free standing telecommunication infrastructure • Recreational Building • Residential - Medium Density (Limited to 5 Units Including Main Dwelling and Additional Dwelling Unit) • Restricted Building • Special Use • Veterinary Purposes • Waste Transfer and/or Drop-Off Station • Waste Transfer and/or Recycling Centre 	<ul style="list-style-type: none"> • Buildings and land uses not included in Columns 1 and 2.
ADDITIONAL CONTROLS		
<ul style="list-style-type: none"> • Subject to the Subdivision of Agricultural Land Act (Act 70 of 1970), applications shall be accompanied by a consent issued by the relevant Department in terms of this Act. • Restrictions/ limitations are likely to be placed on any non-agricultural activities. • The use of land zoned for agricultural purposes and used for any land use other than “Agricultural Land” and “Agricultural Building” shall be ancillary to the agricultural use and shall not impact on or detract from the viability of the land to produce agricultural produce. • Any new servitude area which is 15m in width (or wider) shall be deemed to constitute a change in land use and shall therefore be subject to the Municipal’s consent. 		

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- * Refer to Bed & Breakfast and Accommodation Establishment Bylaw
- Fishing for commercial purposes will require consent from the Department of Environment, Forestry and Fisheries.
- **All telecommunication infrastructure are subject to submission of Building plans for municipal approval.
- For provisions relating to parking and loading refer to Clause 6 and 6.3

DEVELOPMENT CONTROL

			STREET	SIDE	REAR			
N/A	N/A	N/A	5m – Subject also to the Veld and Forest Management Act			3	12.5%	0.125

5.1.2 ZONE: AGRICULTURE 2

STATEMENT OF INTENT: A zone that provides for land used for low intensity and small scale agricultural practices in association with other related uses in Traditional Authority Areas, and may include market gardening, wood lots, the production of small areas of crops such as sugar cane and livestock.

PERMITTED USES	CONSENT USES	PROHIBITED USES
<ul style="list-style-type: none"> • Agricultural Building • Agricultural Land • Conservation Purposes • Dwelling House /Umuzi • Farm Stall • Fish Farming • Municipal Purposes 	<ul style="list-style-type: none"> • Agricultural Facility • Arts and Craft Centre • *Bed and Breakfast Establishment • Camping and Caravan Park • Chalet development • Agricultural-Industry • Home Business • Passive Recreational area • Recreational Building • Shop-General (Limited to agricultural products being produced) • **Freestanding telecommunication Infrastructure • Mobile Home Park 	Buildings and land uses not included Column 1 and 2.

ADDITIONAL CONTROLS

- Restrictions/ limitations are likely to be placed on any non-agricultural activities.
- Any proposed changes of land use will require a detailed natural resources/agricultural study.
- While changes in land use that are shown to be in support of local and surrounding activities will be given opportunities, changes in land use not necessarily in support of the existing agricultural activities or not reliant on the potential of the natural resource base may be considered but will require consents, particularly if it is supplementary or adds to the viability of the farming unit as a whole and is placed in lower potential agricultural land.
- The agricultural management layer which indicates the KZN agricultural Land Potential categories should be referred to for further detail regarding optimal land uses.
- Cabinets and chalets shall be limited in coverage and a restricted number will only be permitted.
- Camping areas will only be permitted in designated areas.
- Fishing for commercial purposes will require consent from the Department of Environment, Forestry and Fisheries.
- For provisions relating to parking and loading refer to Clause 6 and Clause 6.3

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- * Refer to Bed & Breakfast and Accommodation Establishment Bylaw.

**All telecommunication infrastructure are subject to submission of Building plans for municipal approval.

The use of land zoned for agricultural purposes and used for any land use other than “Agricultural Land” and “Agricultural Building” shall be ancillary to the agricultural use and shall not impact on or detract from the viability of the land to produce agricultural produce.

- Any new servitude area which is 15m in width (or wider) shall be deemed to constitute a change in land use and shall therefore be subject to the Municipal’s consent.

<ul style="list-style-type: none"> • *Education building and Residential dwelling house shall be ancillary to the place of worship. • ***All telecommunication infrastructures are subject to submission of Building plans for municipal approval. • For provisions relating to parking and loading refer to Clause 6 and Clause 6.3 • The site of a “Place of Worship” shall not simultaneously be the site of one or more Dwelling Units, provided that the Council may grant its consent to the erection and use of one Dwelling Unit upon such site, to be used in conjunction with the use of such site as a Place of Worship. • The site of a Place of Worship may include uses incidental thereto such as a building or buildings used as a Sunday School, administrative office, place of religious education and/or other building/s used for purposes of religious and social interaction or recreation where such other building is within the same site and incidental to any of the first mentioned buildings. • Call to prayer shall exclude the use of megaphones or similar equipment, unless expressly authorized by the Council. • A wash room may be permitted for the preparation of bodies prior to burial, subject to compliance with Council’s Funeral Undertakers Bylaws. • Sites for the care of children shall comply with Council’s Childcare Services Bylaws. • Drop-off and pick up areas shall be located on-site and, where possible, shall not be located adjacent to a major arterial road to avoid traffic congestion and pedestrian and vehicular conflict. • ****Prior to any building plans being submitted to the Municipality for any Health facility, including Hospitals, Clinics, Acute / Sub-Acute Facilities and the like where the public are to be treated for an illness, the building plans are to be submitted to the KZN Department of Health for approval by the Department’s Infection, Prevention and Control (IPC) component. Such approval is to be submitted to the Municipality during the building plan submission phase. • Where provided for under a relevant zoning, the accommodation of a caretaker or emergency personnel may be allowed. The size of such dwelling unit may be restricted at the sole discretion of Council. 		

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- ******The use of land for urban agriculture / community gardens is supported within the context that it will not degrade the quality of life of surrounding landowners, will not impact harmfully on public health and/or the natural environment and will contribute to the social and economic well-being of people.
- Applications for the use of land for the purpose of producing crops will be subject to Council's consent process and shall be accompanied by:
 - a) A site plan showing the extent of the use of land and where water for irrigation will be obtained from;
 - b) A motivation indicating how the use of land will be managed (including details regarding irrigation and fertilisation) and how the use of land will contribute to the social and economic well-being of people; and
 - c) An environmental and agricultural assessment and/or letter of support from relevant environmental and agricultural authorities.
- The use of land in environmentally sensitive areas such as floodlines, wetlands, etc. is not in line with environmental legislation and shall therefore not be supported.
- ********Shop is limited to coffee shop and tuck-shop ancillary to Place of Worship, and not open to the public.

5.5 ZONE CATEGORY: INDUSTRIAL		
5.5.1 ZONE: EXTRACTIVE INDUSTRY/ QUARRYING AND MINING		
STATEMENT OF INTENT: This zone is to be used to manage land identified or used for the extraction of raw minerals, sand or stone in a manner that is compatible with sustainable development and in terms of the relevant national, provincial and local requirements and guidelines related to quarrying, mining and environmental management.		
PERMITTED USES	CONSENT USES	PROHIBITED USES
<ul style="list-style-type: none"> • Agricultural Building • Agricultural Land (Pre Mining) • Conservation Purposes • Educational Building (limited to a training facility) • Industry – Bulk Storage • Industry – Extractive • Public / Private Street • Utilities Facility • Warehouse • Waste Transfer / Recycling Centre • Agricultural Industry 	<ul style="list-style-type: none"> • Agricultural Land (Post Mining) • Industry – General • Industry – Noxious • Public Office • Special Use 	<ul style="list-style-type: none"> • Buildings and land uses not included in columns 1 to 2.
ADDITIONAL CONTROLS		
<ul style="list-style-type: none"> • *Notwithstanding the provisions of the table, these land uses are restricted to the extraction of raw materials. • The Coverage for all Industrial Buildings will be 60% on Erven of 4 hectares or less, increasing by 2.5% for every hectare in excess of 4 hectares up to a maximum of 75%. • For provisions relating to parking and loading refer to Clause 6 and Clause 6.3. • The use of land for mines and quarries may be subject to additional provisions and controls in terms of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002), as amended. • Nothing in this Scheme shall prevent an area zoned for Mining to be used for agricultural purposes prior to mining taking place. Land use after mining of an area has been completed shall be determined in consultation with the Municipality. • Except where specific provision is made therefore in this Scheme and saving that the Council may approve of the erection and use of a single Dwelling Unit for the exclusive use of a caretaker, no other Dwelling Unit of any description whatsoever shall be erected or used or permitted to be erected or used on any Erf with an industrial zoning. • Clauses 4.1.1.1 and 4.1.2.1 of the Scheme will be applicable, which implies that a Development / Site Development Plan must be compiled by the prospective owner/developer for the purpose of co-ordinated allocation of land use rights and restrictions as contemplated in the Scheme and as a prerequisite for development. • The permissible Coverage on any Erf or site in a General Industry or Noxious Industry Zone shall not exceed 60%. Provided that, notwithstanding anything to the contrary contained in this Scheme, the aforesaid permissible Coverage of any such Erf or site which is 4 ha or greater in extent shall increase, at a ratio of a 2,5% increase for every whole hectare in excess of 4 ha, to a maximum of 75%. <p>In respect of a site in the Noxious Industrial or Harbour-Bound Industry Use Zones, nothing contained in this Scheme shall prevent Council from granting its approval to the conduct of either 1) a staff canteen (including an automated teller machine under special circumstances and to the sole discretion of Council) by Council's authority or 2) an ancillary convenience facility (including an automated teller machine under special circumstances and to the sole discretion of Council) by Council's consent, per property; provided:</p>		

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- a) that in both cases the trade shall be restricted to the sale of take-away food, refreshments and other convenience goods;
 - b) that in the case of an ancillary convenience facility the gross total floor area shall be restricted to 50m²;
 - c) that in the case of a staff canteen trade shall be restricted to persons actually employed on the property and no outdoor advertising shall be allowed; and
 - d) that such ancillary convenience facility shall cease to exist in the event that the industrial concern upon the premises ceases to operate;
- All spray painting booths, regardless of their application, shall be required to have a working chamber, fresh air system and exhaust system installed to the satisfaction of the Medical Officer of Health / Environmental Health Section.
 - All sand blasting booths shall be subject to Council's approval and shall ensure that the operation of the sand blasting booth does not in any way impact on surrounding landowners. For this reason, a sand blasting booth shall be enclosed and shall have a relevant fresh air and exhaust system installed to the satisfaction of the Medical Officer of Health / Environmental Health Section.
 - Activities, land use and buildings on erven zoned "Harbour-Bound Industry" must be connected to the import or export of products and/or beneficiation and value-adding of products, commodities and services. It may include allied services and administrative support activities which are normally associated with such industries.
 - Activities, land use and buildings on erven zoned "Noxious Industry" must be aligned with this Scheme and relevant legislation that governs Noxious Industry Zones.
 - Council may, at its sole discretion, require the erecting of screening measures of such height, extent, materials, design and position as may be determined by Council, in order to screen unsightly areas, stockpiles or dumps from public streets.
 - A buffer of no less than 500m shall be maintained around all sites zoned as a refuse site.
 - The Council may grant its consent to provide facilities for the temporary storage of general waste at a drop-off / transfer station on an erf, or part thereof, and within an applicable zone listed under Section 2, Column 3 provided for in this Scheme, subject thereto that:
 - The site only provides facilities for the storage only of less than 35m³ of garden and domestic waste before it is transported to a recycling, treatment or waste disposal facility waste at any time. A proposal for the temporary storage of more than 35m³ shall be defined under Waste Transfer / Recycling Centre;
 - The Council has followed public participation procedures as prescribed in law in order to establish such drop-off or waste transfer station;
 - The location of drop-off or waste transfer sites is selected with sensitivity and careful planning to ensure accessibility and acceptance by the community, and not to interfere with pedestrian movement, or create an eyesore, or a public nuisance of rodents, dust, wind-blown litter and odour;
 - The site is adequately designed and surfaces are hardened and impermeable and maintained in a dust free condition. Stormwater and wastewater control measures shall be implemented to avoid polluted water and run-off from entering the natural system;
 - The drop-off or waste transfer station is adequately managed to avoid wind-blown litter;
 - The drop-off or waste transfer station is screened from public view, if required; and
 - The drop-off or waste transfer station is licensed in terms of relevant legislation, if necessary.

- Screen walls of such height, extent, materials, design and position as may be determined by Council shall be erected as and when required in order to totally screen all service workshop, storage areas and yards from outside view to be in accordance with the uMhlathuze Aesthetic Bylaw;
- The property zoned as General Industry may be used for truck parking, provided that all the trucks are registered and owned by the same company. Site Development Plan and Parking Layout Plan will be required for municipal approval. Fuel sale (in case there are fuel pump/s on site) to general public is prohibited in this zone.
- ******The Erf used as truck wash facility may not be used for storage and disposal of waste products, dangerous / hazardous goods.**
- ******The truck wash facility must provide adequate stormwater system, grease traps etc. to the satisfaction of Council.**
- For Erf intended to be used for bulk storage, truck parking bays must be provided on site to the satisfactory of Council.
- Sites for funeral undertakers shall comply with Council's Funeral Undertakers Bylaws.
- Except where specific provision is made therefore in this Scheme and saving that the Council may approve of the erection and use of a single Dwelling Unit for the exclusive use of a caretaker, no other Dwelling Unit of any description whatsoever shall be erected or used or permitted to be erected or used on any Erf with an industrial zoning.
- Clauses 4.1.1.1.1 and 4.1.2.1 of the Scheme will be applicable, which implies that a Development / Site Development Plan must be compiled by the prospective owner/developer for the purpose of co-ordinated allocation of land use rights and restrictions as contemplated in the Scheme and as a prerequisite for development.
- The permissible Coverage on any Erf or site in a General Industry or Noxious Industry Zone shall not exceed 60%. Provided that, notwithstanding anything to the contrary contained in this Scheme, the aforesaid permissible Coverage of any such Erf or site which is 4 ha or greater in extent shall increase, at a ratio of a 2,5% increase for every whole hectare in excess of 4 ha, to a maximum of 75%.
- In respect of a site in the Noxious Industrial or Harbour-Bound Industry Use Zones, nothing contained in this Scheme shall prevent Council from granting its approval to the conduct of either 1) a staff canteen (including an automated teller machine under special circumstances and to the sole discretion of Council) by Council's authority or 2) an ancillary convenience facility (including an automated teller machine under special circumstances and to the sole discretion of Council) by Council's consent, per property; provided:
 - a) that in both cases the trade shall be restricted to the sale of take-away food, refreshments and other convenience goods;
 - b) that in the case of an ancillary convenience facility the gross total floor area shall be restricted to 50m²;
 - c) that in the case of a staff canteen trade shall be restricted to persons actually employed on the property and no outdoor advertising shall be allowed; and
 - d) that such ancillary convenience facility shall cease to exist in the event that the industrial concern upon the premises ceases to operate;

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- All spray painting booths, regardless of their application, shall be required to have a working chamber, fresh air system and exhaust system installed to the satisfaction of the Medical Officer of Health / Environmental Health Section.
- All sand blasting booths shall be subject to Council's approval and shall ensure that the operation of the sand blasting booth does not in any way impact on surrounding landowners. For this reason, a sand blasting booth shall be enclosed and shall have a relevant fresh air and exhaust system installed to the satisfaction of the Medical Officer of Health / Environmental Health Section.
- A buffer of no less than 500m shall be maintained around all sites zoned as a refuse site.
- The Council may grant its consent to provide facilities for the temporary storage of general waste at a drop-off / transfer station on an erf, or part thereof, and within an applicable zone listed under Column 2 provided for in this Scheme, subject thereto that:
 - The site only provides facilities for the storage only of less than 35m³ of garden and domestic waste before it is transported to a recycling, treatment or waste disposal facility waste at any time. A proposal for the temporary storage of more than 35m³ shall be defined under Waste Transfer / Recycling Centre;
 - The Council has followed public participation procedures as prescribed in law in order to establish such drop-off or waste transfer station;
 - The location of drop-off or waste transfer sites is selected with sensitivity and careful planning to ensure accessibility and acceptance by the community, and not to interfere with pedestrian movement, or create an eyesore, or a public nuisance of rodents, dust, wind-blown litter and odour;
 - The site is adequately designed and surfaces are hardened and impermeable and maintained in a dust free condition. Stormwater and wastewater control measures shall be implemented to avoid polluted water and run-off from entering the natural system;
 - The drop-off or waste transfer station is adequately managed to avoid wind-blown litter;
 - The drop-off or waste transfer station is screened from public view, if required; and
 - The drop-off or waste transfer station is licensed in terms of relevant legislation, if necessary.

5.6 ADDITIONAL CONTROL SPECIFIC TO INDUSTRIAL ZONED PROPERTIES LOCATED IN RICHARDS BAY EXTENSION 23 AND 24

- 5.6.1 All industrial zoned erven located in Richards Bay Extension 23 and 24, are notwithstanding any other provision of this scheme, subject to a 12 (twelve) metre wide building restriction strip, as indicated on plans CBD/TP/P/86 and CBD/TP/P/122.
- 5.6.2 The building restriction strip shall consist of the following parts:
- a) a 5 (five) metre wide parking strip;
 - b) a 6 (six) metre wide internal vehicle driveway; and
 - c) a 1 (one) metre wide pedestrian strip.
- 5.6.3 The parking strip shall:
- a) be provided parallel and continuous along the full length of the boundaries of such properties, adjacent to the relevant street, and shall be used for the provision of 90 degree, uncovered parking spaces in accordance with Clause 6 of this scheme, and include connections with the existing vehicular entrances and exits;
 - b) have a width of 5 (five) metres, measured in a horizontal plane and rectangular to the existing street boundaries;
 - c) be designed, built, demarcated, sealed, drained and maintained, to the satisfaction of the Municipal Engineer, by the owner of a specific erf, before the relevant erf or any building or any structure on the erf may be permanently used or occupied;
 - d) be finished off and maintained to the satisfaction of the Municipal Engineer by the owner with an approved kerbing; and
 - e) be used exclusively for the provision of uncovered parking spaces and no building, whether temporary or permanent, shall be erected in the parking strip.
- 5.6.4 The internal vehicle driveway shall:
- a) be provided parallel and continuous along the full length of the street boundaries of the relevant properties but immediately adjacent to the 5 (five) metre parking strip and shall be used as uncovered maneuvering space for vehicles from the parking strip and shall furthermore serve as an internal circulation area for vehicles, from as well as to adjacent erven;
 - b) have a width of 6 (six) metres, measured in a horizontal plane and rectangular to the existing street boundaries;
 - c) be designed, built demarcated, sealed, drained and maintained, to the satisfaction of the Municipal Engineer, by the owner of a specific erf, before the relevant erf or any building or any structure on the erf may be permanently used or occupied;
 - d) have no physical obstruction, which will impede or prevent vehicular access to or exit from adjacent erven;
 - e) to the satisfaction of the Council, link up with the internal vehicle driveways of adjacent erven; and

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- f) be used exclusively as uncovered maneuvering area for vehicles, and no building whether temporary or permanent, shall be erected in the internal vehicle driveway.

5.6.5 The Pedestrian strip shall:

- a) be parallel to and continuous along the full length of the street boundaries of the relevant properties but adjacent to the 6 (six) metre internal vehicle driveway and shall primarily be used for safe pedestrian movement;
- b) have a width of 1 (one) metre, measured in a horizontal plane and rectangular to the existing street boundary and shall have a minimum vertical clearance of 3,0 (three comma zero) metres measured from the finished level of the pedestrian strip;
- c) be designed, built, demarcated, sealed, drained and maintained to the satisfaction of the Municipal Engineer, by the owner of a specific erf, before the relevant erf or any building or any structure on the erf may be permanently used or occupied; and
- d) be separated from the internal vehicle driveway to the satisfaction of the Municipal Engineer.

5.6.6 Where a greater number of parking spaces must be provided in terms of Clause 6 than can be fitted into the parking strip, the additional parking spaces shall, to the satisfaction of the Municipal Engineer, be provided on the property, barring the internal vehicle driveway, subject thereto that:

- a) the additional number of parking spaces shall be designed, sealed, demarcated, drained and maintained to the satisfaction of the Municipal Engineer;
- b) an alternative safe pedestrian strip shall, to the satisfaction of the Municipal Engineer, be provided to link up with the pedestrian strips of adjacent erven; and
- c) the additional number of parking spaces shall, where the additional parking spaces are provided adjacent to the internal vehicle driveway, be designed, built, demarcated, sealed and maintained, identical to the parking spaces in the parking strip, to the satisfaction of the Municipal Engineer.

5.6.7 The Council may, at sole discretion, prescribe the direction of traffic flow on the internal vehicle driveways, in order to fit in with the traffic flow of streets serving Richards Bay, Extensions 23 and 24.

5.6.8 Without prejudicing any powers of the Council in terms of any other legislation, nothing will be interpreted in this scheme to prohibit the conducting of a hiring service/business from where goods or any other moveable property may be leased, which, in the sole opinion of the Council, are related to any land use type that has a primary right on “General Industry” zoned property.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

					5.7 ZONE CATEGORY: RESIDENTIAL									
					5.7.1 ZONE: RESIDENTIAL ONLY DETACHED									
STATEMENT OF INTENT: This zone is intended to promote the development of primarily detached dwelling units, limited to not more than 2 dwellings, and where a limited number of compatible ancillary uses, which have a non-disruptive impact on a neighbourhood amenity, may be allowed.										See Below		Legend

5.7.3 ZONE: RESIDENTIAL ONLY MEDIUM DENSITY		
STATEMENT OF INTENT: This zone is intended to promote the development of attached and detached dwelling units as part of a larger planned residential development. It creates opportunity for medium density residential development around central urban areas, along development corridors and to achieve densification of urban land.		
PERMITTED USES	CONSENT USES	PROHIBITED USES
<ul style="list-style-type: none"> Residential - Dwelling House Residential - Medium Density *Home Activity Day Care Facility (limited to 6 children) 	<ul style="list-style-type: none"> Agricultural Building Agricultural Land Camping and Caravan Park Educational Building Home Business ***Hotel Institution Lodge Place of Assembly Spaza Shop/Tuck Shop **Residential Building 	Buildings and land uses not included in Columns 1 and 2.
ADDITIONAL CONTROLS		
<ul style="list-style-type: none"> For provisions relating to parking and loading refer to Clause 6 and Clause 6.3; For provision relating to the use of land refer to Clause 5.8; Spaza Shops will be limited to the sale of food, refreshments, cigarettes, tobacco, and reading material which is part of a residential building. Refer to Bylaws for Bed & Breakfast and Accommodation Establishment Bylaw. *Home Activity (Refer to Clause 4.3.1.3.1.) ** Residential Building for student housing must comply with Policy on the Minimum Norms and Standards for Student Housing at Public Universities (Government Gazette No. 39238). *** No Hotel may be erected on a site of less than 3600m² in extent. Where the lot is used exclusively for medium density housing, the minimum lot size shall be 1400m². Where an Erf is of an irregular shape, hatchet-type, occurs in a cul de sac or change in road direction, the frontage on the street may, with the authority of Council, be less than the prescribed minimum frontage, provided that the site ratio of the Erf remains 1:3 and provided also that the street frontage is not less than 4 metres. The Curtilage for a Medium Density Housing Development shall not be less than 250m² in extent. The following minimum areas per dwelling unit shall apply to Medium Density Housing: <ol style="list-style-type: none"> Active Open Area – 30m² Usable Common Open Space – 50m² Washing drying area – 15m² The minimum floor area of a garage or carport shall be 21 m², with a minimum width of 3,5m Waste bin area shall make provision for one bin per unit provided. Within a Medium Density Housing Site, a building line does not apply to the dwelling unit curtilages, except along external street frontages of the Medium Density Housing site, where the STREET BUILDING LINE shall be 7, 5 m. Wherever it is intended to develop a site for Medium Density Housing in a Residential Only Detached zone, the maximum number of dwelling units which may be established on a Medium Density Housing site shall be obtained by dividing the registered surveyed area of the property concerned by the appropriate minimum lot area per dwelling house and rounded off to the nearest whole number. Provided further that on lots of greater than 1 400m², the 		

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

Municipality may authorize a maximum permissible density of 15 units per hectare rounded off to the nearest whole number.

- Where in the opinion of the Municipality a road within a Medium Density Housing site should serve the public, the Municipality may require the road to be registered as a public road, provided that for the purpose of bulk and coverage calculation, the area of the public road shall be included in the gross site area.
- The minimum width of a road carriageway within a Medium Density Housing site shall be 3 metres where the carriageway is one-way and 5,5 metres where a dual-carriageway is provided.
- Situated at the end of every cul-de-sac there shall be provided turning space to the satisfaction of the Municipality.
- No dwelling unit curtilage within the Medium Density Residential site or within any portion of the site specified by the Municipality shall be transferred or separately registered before the whole Medium Density Housing site or the specified portion of the Medium Density Housing site within which the curtilage is situated has been developed to the satisfaction of the Municipality.
- In the event of the different dwelling unit curtilages being transferred in freehold or registered leasehold title, the Municipality shall require that:
 - a) the common land shall be owned exclusively by the freehold or registered leasehold owners of the dwelling units in co-ownership; and
 - b) no co-owners shall be entitled to require the partition of the common land according to the proportion of his share.
- Where the property is used as educational building in particular boarding house, number of boarders will be determined in terms of Environmental Health Bylaws and the Disaster Management Act and associated Regulations.

APPLICATION PROCEDURE, DESIGN AND LAYOUT OF MEDIUM DENSITY RESIDENTIAL

The applicant shall submit to the Municipality for its approval and in the required format:

- a) A Site Development Plan, and in addition to the requirements of Clause 4.1.2.1, also show the following:
 - i) The position, dimensions and materials to be used in the construction of all roads, drive-ways, parking areas, squares and pedestrian access ways, if any;
 - ii) The boundaries of all dwelling unit curtilages, active open areas and common open spaces;
 - iii) The position, nature, extent and levels of all proposed and existing buildings on the site and adjoining sites;
 - iv) The proposed landscaping of the site;
 - v) The proposed common space;
 - vi) The position and nature of recreation facilities, if any;
 - vii) The position and extent of all utility areas.
- b) A set of sketch drawings prepared by an architect at a scale of 1: 100 showing the plans, sections and elevation of each type of structure within the proposed development and particulars of the materials and colours to be used for the exterior wall finishes and roof or roofs; together with both front and rear elevations of each typical group of dwelling units at a scale of 1: 100 or 1: 200;
- c) A table indicating:
 - i) The total area of the site;
 - ii) The total number of dwelling units;

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- iii) The total floor area;
 - iv) The total number of car parking spaces provided for visitors and for residents;
 - v) The extent of the usable common land, the smallest active open area, the smallest dwelling unit curtilage and the smallest utility area; and
 - vi) The areas of public uses where applicable;
- d) Any other documents which the Municipality may reasonably require.

ADDITIONAL PROVISIONS APPLICABLE TO RESIDENTIAL BUILDINGS

No Residential Building may be erected on a site of less than 1000m² in extent.

Those portions of the site of a Residential Building not used for building, parking, road or other utility purposes, which portions shall comprise not less than 25% of the area of such site must be landscaped at the cost of the owner to the satisfaction of Council, for the use and enjoyment of the residents of the dwelling units, and shall thereafter be maintained by the owner, at his cost:

Provided that:

- a) the aforesaid 25% of the area of the site may, with the authority of the Council, include the area of any flat roof of a Residential Building, play areas, common areas and recreational facilities conveniently accessible from such Residential building and laid out or landscaped to the satisfaction of the residents of the Council for the use and enjoyment of the residents of the Dwelling Units; and
- b) the aforesaid period to be determined by the Council shall not be less than six months or more than eighteen months from the date on which any Dwelling Unit on the site is first used for residential purposes.

The minimum width of a road carriageway within a High Density Housing site shall be 3 metres where the carriageway is one-way and 5,5 metres where a dual-carriageway is provided.

Situated at the end of every cul-de-sac there shall be provided turning space to the satisfaction of the Municipality.

Adequate utility facilities shall be provided to the satisfaction of the Council, including areas for waste disposal, clotheslines, etc.

5.7.8 ZONE: RESIDENTIAL ESTATE

STATEMENT OF INTENT: A large mixed use zone that makes provision for the development of an aesthetically pleasing residential estate, providing a mix of residential and recreational options, and sometimes limited educational and commercial options for the convenience of the residents, located within a secure gated environment.

PERMITTED USES	CONSENT USES	PROHIBITED USES
<ul style="list-style-type: none"> • Agricultural Land • Carwash Facility • Commercial Workshop • *Community Garden • Educational Building • Institution (limited to a frail care facility for the elderly) • Private Recreational Use • Public / Private Street • Recreational Building • Residential – Medium Density • **Residential Building • Shop – General • Daycare Facility 	<ul style="list-style-type: none"> • Agricultural Building • Lodge • Office – General • Place of Worship • Special Use • Veterinary Purposes 	Buildings and land uses not included in Columns 1 and 2.

ADDITIONAL CONTROLS AND PROVISIONS APPLICABLE TO RESIDENTIAL ESTATES

DESIGN AND LAYOUT

The development within the Residential Estate Site shall be harmoniously designed. Careful attention shall be given to the aesthetic and functional aspects of the design. The Council may, where considered necessary or reasonably

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

desirable by the Council, require the landscaping, paving or any other treatment of portions of a Residential Estate Site.

The owner shall not develop any area, whether in part or in whole, without prior approval by the local authority of a Development Plan/Site Development Plan, as set out in Clauses 4.1.1.1.1 and 4.1.2.1 respectively, of this Scheme. Such plan shall demarcate the relevant components of the development, which may include:

- a) Residential Component; and
- b) Recreation / Education / Commercial Component

The Development and/or Site Development Plan shall detail access points, all relevant bulk factors (viz., relevant height, floor areas, coverage), parking / loading areas, private areas, landscaping and other related requirements per the components listed above.

The minimum width of a road carriageway within a Residential Estate site shall be 3 metres where the carriageway is one-way and 5,5 metres where a dual-carriageway is provided.

Situated at the end of every cul-de-sac there shall be provided turning space to the satisfaction of the Municipality.

PROVISIONS APPLICABLE TO THE RESIDENTIAL COMPONENT OF A RESIDENTIAL ESTATE

PROVISIONS APPLICABLE TO THE RECREATION / EDUCATION / COMMERCIAL COMPONENT OF A RESIDENTIAL ESTATE SITE

The Recreation / Education / Commercial Component shall be restricted to 25% of the total site of a Residential Estate.

High impact areas such as recreation, education and commercial area should, at all times, respect the privacy and well-being of the residents.

PROVISIONS APPLICABLE TO SERVICES AND UTILITY COMPONENTS OF A RESIDENTIAL ESTATE

Adequate facilities for the removal of and general waste, in line with Council's Bylaws and to the satisfaction of Council, shall be provided.

Adequate facilities for clotheslines shall be provided within the residential component of the estate.

SECURITY AND LIGHTING

Adequate provision shall be made for perimeter and internal security measures, which may include a guard house, perimeter fencing, etc.

The development shall be adequately lit, to the satisfaction of Council.

APPLICATION PROCEDURE, DESIGN AND LAYOUT OF MEDIUM DENSITY RESIDENTIAL

The applicant shall submit to the Municipality for its approval and in the required format:

- a). A Site Development Plan, and in addition to the requirements of Clause 4.1.2.1, also show the following:

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- i) The position, dimensions and materials to be used in the construction of all roads, drive-ways, parking areas, squares and pedestrian access ways, if any;
- ii) The boundaries of all dwelling unit curtilages, active open areas and common open spaces;
- iii) The position, nature, extent and levels of all proposed and existing buildings on the site and adjoining sites;
- iv) The proposed landscaping of the site;
- v) The proposed common space;
- vi) The position and nature of recreation facilities, if any;
- vii) The position and extent of all utility areas.

b).A set of sketch drawings prepared by an architect at a scale of 1: 100 showing the plans, sections and elevation of each type of structure within the proposed development and particulars of the materials and colours to be used for the exterior wall finishes and roof or roofs; together with both front and rear elevations of each typical group of dwelling units at a scale of 1: 100 or 1: 200;

c).A table indicating:

- xxv) The total area of the site;
- xxvi) The total number of dwelling units;
- xxvii) The total floor area;
- xxviii) The total number of car parking spaces provided for visitors and for residents;
- xxix) The extent of the usable common land, the smallest active open area, the smallest dwelling unit curtilage and the smallest utility area; and
- xxx) The areas of public uses where applicable;

d).Any other documents which the Municipality may reasonably require.

ADDITIONAL PROVISIONS APPLICABLE TO RESIDENTIAL BUILDINGS

No Residential Building may be erected on a site of less than 1000m² in extent.

Those portions of the site of a Residential Building not used for building, parking, road or other utility purposes, which portions shall comprise not less than 25% of the area of such site must be landscaped at the cost of the owner to the satisfaction of Council, for the use and enjoyment of the residents of the dwelling units, and shall thereafter be maintained by the owner, at his cost:

Provided that:

- a) the aforesaid 25% of the area of the site may, with the authority of the Council, include the area of any flat roof of a Residential Building, play areas, common areas and recreational facilities conveniently accessible from such Residential building and laid out or landscaped to the satisfaction of the residents of the Council for the use and enjoyment of the residents of the Dwelling Units; and
- b) the aforesaid period to be determined by the Council shall not be less than six months or more than eighteen months from the date on which any Dwelling Unit on the site is first used for residential purposes.

The minimum width of a road carriageway within a High Density Housing site shall be 3 metres where the carriageway is one-way and 5,5 metres where a dual-carriageway is provided.

Situated at the end of every cul-de-sac there shall be provided turning space to the satisfaction of the Municipality.

Adequate utility facilities shall be provided to the satisfaction of the Council, including areas for waste disposal, clotheslines, etc.

ADDITIONAL CONTROLS			

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- Lot size of residential unit is based on the site size.
- For provisions relating to parking and loading refer to Clause 6 and 6.3
- Care should be exercised so that slopes of 1.3 and 1.8 are avoided
- No development shall be permitted in or on flood plains, watercourses and wetlands unless the necessary approval has been obtained from the relevant environmental department and the Municipality.
- Camping areas will only be permitted in designated areas.
- Fishing will only be permitted for recreational purposes and not for commercial purposes.
- **Refer to Bed & Breakfast and Accommodation Establishment Bylaw.
- ****Rental Units are subject to Council's consent, submission of building plans and compliance with parking requirements.
-
- Community consultation and Traditional Council approvals on allocations is essential for all consent approvals.
- Flats or single storey living "rooms" are permitted and only sound buildings subject to the approval of the Municipal building inspectors are permitted.
- Maximum of 5 storeys may be permitted by consent, taking into consideration all engineering requirements.
- The traditional/ vernacular buildings will be permitted provided that a building inspector of the Municipality has certified/ approved it as stable and safe.
- Fishing for commercial purposes will require consent from the Department of Environment, Forestry and Fisheries.
- Road reserves that must be adhered to are: National Routes = 60 metres, Provincial = 30 metres, District Roads = 15 metres. The Minimum Width of Access Way is 3.5m
- *** Residential Building for student housing must comply with Policy on the Minimum Norms and Standards for Student Housing at Public Universities (Government Gazette No. 39238).
- Applications for development on land falling under the Ingonyama Trust also require a lease agreement/and or letter of support the applicable Traditional Council/Leader.
- Proposed development shall take due cognizance of the availability of services in the Traditional Council Area, and the provisions of Clause 4.1.1.1.5 (unserved areas) shall apply.
- *The use of land for urban agriculture / community gardens is supported within the context that it will not degrade the quality of life of surrounding landowners, will not impact harmfully on public health and/or the natural environment and will contribute to the social and economic well-being of people.
- Applications for the use of land for the purpose of producing crops will be subject to Council's consent process and shall be accompanied by:
 - a) A site plan showing the extent of the use of land and where water for irrigation will be obtained from;
 - b) A motivation indicating how the use of land will be managed (including details regarding irrigation and fertilisation) and how the use of land will contribute to the social and economic well-being of people; and
 - c) An environmental and agricultural assessment and/or letter of support from relevant environmental and agricultural authorities.
- The use of land in environmentally sensitive areas such as floodlines, wetlands, etc. is not in line with environmental legislation and shall therefore not be supported.

5.8 ADDITIONAL CONTROLS APPLICABLE TO SITES THEREOF

5.8.1 MOTOR VEHICLES ON PREMISES OF A DWELLING

Except with the prior approval of the Council, no person shall bring onto any premises of a Dwelling Unit, any premises reserved for the erection of a Dwelling Unit or any portion of any street reserve in a predominantly residential area, as the case may be, or cause or allow to be present thereon any articulated motor vehicle, breakdown vehicle, bus, goods vehicle, tractor, truck-tractor or any other type of vehicle weighing more than 3500 kg for a period exceeding two hours, except for bona fide purposes of delivering or supplying goods or services to such premises or any adjacent premises. For the purpose of this sub-clause, the expressions “articulated motor vehicle”, “breakdown vehicle”, “bus”, “goods vehicle”, “tractor”, “truck-tractor” and “any other type of vehicle weighing more than 3 500kg shall have the meanings assigned thereto by the Road Traffic Act (Act 29 of 1989), together with any schedule thereto, regulation made thereunder and amendment thereof.”

5.8.2 USE OF BUILDING OR ROOMS OTHER THAN HABITABLE ROOMS AS A DWELLING

No person shall use or cause or be permitted to use, any room, group of rooms or building, which in the opinion of the Council is not a Habitable Room or does not include Habitable Rooms to the satisfaction of the Council.

5.8.3 USE OF DWELLING UNITS FOR CONDUCTING A BUSINESS

5.8.3.1 GENERAL PROVISIONS APPLICABLE TO A HOME BUSINESS

5.8.3.1.1 No person shall conduct, practice or carry out or allow to be conducted, practiced or carried out, for any purpose or in any manner, any occupation or business, whatsoever from or upon any residential property except where the consent of the Council has first been applied for and obtained and further subject thereto that:

- a) It shall be limited to the Owner of the property, who shall permanently reside thereon, provided that the Council may in exceptional circumstances, and if it is satisfied that the prime use of the Dwelling Unit as a residence will in no way be

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

prejudiced, permit the activity to be conducted by a person who shall permanently reside on the property, other than the Owner;

- b) The applicant is able to provide sufficient on-site parking as required in terms of the Scheme, and preferably shall be located to the rear of the Dwelling Unit, where possible;
- c) It shall not occupy a floor area greater than 40m² for home business and 25% for floor area for home activity.
- d) the erection of signage indicating the nature of the activity shall be in compliance with the Municipal Outdoor Advertising and Signs Bylaw and shall utilise a style and size of lettering which will complement the residential character of the Dwelling Unit, and must be placed on the main wall of the Building.
- e) There must be no noise emanating from the property that will be audible to the adjacent neighbor's properties.
- f) It shall not involve metal or woodwork where the operation of machines may cause a disturbance or nuisance to surrounding landowners;
- g) It shall not involve work on motor vehicles other than that relating to vehicle servicing and minor related repairs;
- h) It shall not involve the parking, on or adjacent to the Site, of any vehicle with a tare mass exceeding 2000kg; and
- i) It shall not utilise machinery other than electrically-driven or hand-driven machinery, provided that no single machine shall be rated at more than 1,5 kW.

5.8.3.1.2 An application for Council's consent shall be accompanied by a Site Development Plan, as provided for in Clause 4.1.2.1

5.8.4 SPECIFIC PROVISIONS APPLICABLE TO A HOME ACTIVITY

5.8.4.1 in the case of a Home Activity: "any compatible land use activity"

- a) It shall not involve the regular congregation of more than 3 persons on the Site. This includes the owner of the Site, but excludes the owner's family that permanently resides on the Site;
- b) Apart from the possible employment of one domestic worker, a Home Activity shall not involve the employment of any additional persons which are necessary in order to conduct the activity; and
- c) It shall not involve the regular parking of more than three motor vehicles on Site at any one time.
- d) Not pose as an nuisance to the adjacent properties
- e) No parking on the side walk or outside the property
- f) Operational hours are limited 8h00 to 18h00
- g) Prohibition of outdoor advertising

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

5.8.4.2 Additional Controls for Home Schooling

- a) Home schooling will be limited to 6 biological children with council's consent.
- b) Unabridged birth certificate to be produce to confirm relation to biological children.
- c) Registration with the Department of Basic Education is required.

5.8.5 SPECIFIC PROVISIONS APPLICABLE TO A HOME BUSINESS

5.8.5.1 in the case of a Home Business and unless specified otherwise:

- a) Shall not involve the regular congregation of more than five persons on the Site nor the employment of more than three persons, including the owner, on the Site; and
- b) Shall not involve the regular parking of more than five motor vehicles on Site at any one time, subject thereto that the applicant is able to provide all parking on-site.

5.8.5.2 in the case of the establishment of a crèche / nursery school, the establishment must:

- a) not be subject to Clause 5.8.3.1.1(c) and (e) and 5.8.5.1 (a) and (b);
- b) be operated by one person only, although assistants may be employed at the discretion of the Council;
- b) not involve any additions or alterations to the Dwelling Unit and / or Outbuildings, other than those required by the State and Municipal Health Authorities;
- c) be limited to the accommodation and care of ten (10) but not more than thirty (30) children, other than those of the applicant. Therefore, a proposed childcare facility on an erf zoned "Residential Only Detached" where more than 30 children are to be accommodated shall be subject to a rezoning application (if compliant);
- d) be limited to operate between the hours of 06h00 and 18h00;
- e) provide all parking and drop-off areas on-site; and
- f) be registered with the Department of Education (Basic Education Certification)

5.8.5.3 in the case of a Bed and Breakfast / Guest House facility:

- a) not be subject to Clauses 5.8.3.1.1(c) and (e) and 5.8.5.1 (a) and (b);
- b) shall be primarily aimed at providing short term transient accommodation to the tourist and/or business market, operated from a private single Dwelling House;
- c) shall be limited to less than fourteen (14) lodgers in not more than seven (7) lettable rooms. "Lettable room" means a habitable room;
- d) shall not include a "Place of Assembly" or "Place of Amusement", including weddings and other functions;
- e) shall comply with Council's Bed and Breakfast Bylaws and other relevant laws, provisions and restrictions; and

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- f) provide all parking and loading areas on-site.
- g) No alcoholic beverages shall be sold except to resident guests for consumption on the premises with meals;
- h) Guest rooms shall not be converted to, or used as, separate self-catering dwelling units;
- i) Meals may only be supplied to guests or lodgers who have lodging on the property, employees, and the family residing in the dwelling;
- j) No advertising sign shall be displayed other than a single un-illuminated sign or notice not projecting over a public street in accordance with Council's Outdoor Advertising and Signage Bylaw, and the size of such sign must be confirmed with and approved by the municipality;
- k) Weddings, receptions, conferences, training or any similar activities are not permitted from a bed and breakfast/guesthouse establishment;
- l) No activities shall be carried out which constitute, or are likely to constitute, a source of public nuisance;
- m) Rooms must have an interleading passage to self-contained rooms and rooms must have one access.

5.8.5.4 Additional Controls for **Tuition Centre**

- a) Tuition Centre will be limited to 10 learners with council's consent.
- b) not the employment of more than three persons, including the owner, on the Site;
- c) Not pose as a nuisance to the adjacent properties
- d) No parking on the side walk or outside the property
- e) Operational hours are limited 8h00 to 18h00
- b) Tuition Centre must not provide boarding facilities
- c) Shall not involve the regular congregation of more than 10 persons on the Site
- d) Shall not exceed 25% of the floor area

5.8.5.5 Additional controls for **Spaza / Tuckshop** (permissible via Home Business in Residential Only Detached and Compact Residential Only Detached zone)

- a) The sale of liquor and consumption of liquor shall not be permitted.
- b) The sale of perishable goods must have accompanying certificate of compliance from the relevant authorities.
- c) No amusement machines of any kind shall be permitted in the spaza / tuckshop whatsoever.
- d) The exercising of the spaza / tuckshop shall exclusively be for the owner / occupant residing in the dwelling house / unit. Sub-letting is not permissible.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- e) The number of staff employed in the tuckshop on the erf shall not without the written consent of the Council exceed three employees.
- f) The maximum extent of the spaza / tuckshop that the Council may grant on the erf is restricted to 30m².
- g) The spaza / tuckshop shall be conducted from a fixed structure for which building plans have been approved. (It may include a container/s).
- h) In developments governed by sectional title or Home Owners associations, such spaza / tuckshop shall be accommodated subject to approval of the relevant Body Corporate / Home Owners Association.

5.8.5.6 Additional controls for Home Based Business Classes (examples baking, sewing, arts and craft, cooking, swimming classes, health studio) :

- a) It shall not involve the regular congregation of more than 5 persons on the Site;
- b) Not pose as a nuisance to the adjacent properties;
- c) No parking on the sidewalk or outside the property;
- d) This includes the owner of the Site, but excludes the owner's family that permanently resides on the Site;
- e) Shall not exceed 25% of the floor area

5.8.5.7 Additional controls for **Beauty Salons** (spas, hair salons, barbershops)

- a) It shall not involve the regular congregation of more than 3 persons on the Site;
- b) not the employment of more than three persons, including the owner, on the Site;
- c) Not pose as an nuisance to the adjacent properties;
- d) No parking on the sidewalk or outside the property;
- e) The sale of perishable goods is prohibited ;
- f) Shall not exceed 25% of the floor area .

5.8.5.8 in the case of a Boarding House

- a) shall be limited to less than twelve (12) lodgers in not more than six (6) lettable rooms. "Lettable room" means a habitable room;
- b) shall not include a "Place of Assembly" or "Place of Amusement", including weddings and other functions;
- c) Not pose as a nuisance to the adjacent properties
- d) No parking on the side walk or outside the property
- e) Rooms must have an interleading passage to self-contained rooms and rooms must have one access

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

5.8.6 ADDITIONAL CONTROLS AND PROVISIONS APPLICABLE TO RETIREMENT VILLAGES

5.8.6.1 Design and layout

- 5.8.6.1.1 The development within the Retirement Village Site shall be harmoniously designed. Careful attention shall be given to the aesthetic and functional aspects of the design. The Council may, where considered necessary or reasonably desirable by the Council, require the landscaping, paving or any other treatment of portions of a Retirement Village Site.
- 5.8.6.1.2 Pedestrian pathways shall be designed and constructed, taking due cognisance of the limited mobility of some residents of a Retirement Village. It shall aim to contain materials that is considered non-slippery, shall not present a tripping hazard and shall not have a gradient steeper than 1 in 12.
- 5.8.6.1.3 The owner shall not develop any area, whether in part or in whole, without prior approval by the local authority of a Development Plan/Site Development Plan, as set out in Clauses 4.1.1.1.1 and 4.1.2.1 respectively, of this Scheme. Such plan shall demarcate the relevant components of the development, which may include:
- a) Assisted Living and Frail Care;
 - b) Medium Density Housing;
 - c) Recreation and Community Centre. Such component should further demarcate areas accessible by the general public or accessible only by the residents and guests;
 - d) Service and utility areas; and
 - e) Common areas and open space, which shall form part of all other components listed above.
- 5.8.6.1.4 Components may be interspersed to provide, for instance, two separate recreation areas, etc.
- 5.8.6.1.5 The Development and/or Site Development Plan shall detail access points, all relevant bulk factors (viz., relevant height, floor areas, coverage), parking / loading areas, public vs. private areas, landscaping and other related requirements per the components listed above.

5.8.7 PROVISIONS APPLICABLE TO THE MEDIUM DENSITY HOUSING COMPONENT OF RETIREMENT VILLAGE SITE

- 5.8.7.1 Additional provisions applicable to Medium Density Housing from different land use zones categories should apply
- 5.8.7.1.1 PROVISIONS APPLICABLE TO THE FRAIL CARE / ASSISTED LIVING COMPONENT OF A RETIREMENT VILLAGE SITE
- 5.8.7.1.2 The size of the Frail Care / Assisted Living component shall not be less than 3600m² or 25% of the total Retirement Village site, whichever is greater.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- 5.8.7.1.3 A minimum of 25% of the Frail Care / Assisted Living component shall be provided as active open area and/or common areas.

5.8.8 PROVISIONS APPLICABLE TO THE RECREATION/COMMUNITY CENTRE COMPONENT OF A RETIREMENT VILLAGE

- 5.8.8.1 The Recreation and Community Centre component of a Retirement Village shall be limited to a maximum of 50% of the total Retirement Village site.
- 5.8.8.1.1 The Recreation and Community Centre component of a Retirement Village should aim to empower the senior citizen community, and as such could allow for continued employment options for senior citizens, recreational and socialization needs and the continued integration of the senior citizen community with the rest of the community (i.e. “public contact” areas).
- 5.8.8.1.2 Should public contact areas be provided for as part of a Retirement Village, site development plans should clearly distinguish between, and separate (where necessary) areas accessible by the general public (i.e. “public contact” areas) or accessible only by the residents and guests. This may include a dual security gate system.
- 5.8.8.1.3 The “Public contact area” is restricted to a maximum of 20% of the Recreation and Community Centre component of a Retirement Village.
- 5.8.8.1.4 “Public contact areas” should, at all times, respect the privacy and well-being of the residents. The following land uses may be provided for access to the general public:
- a) Educational Building, restricted to a library, art gallery, day-care/after-care crèche/nursery school and educational training facilities/lecture hall;
 - b) Place of Worship;
 - c) Place of Assembly, limited to a conference facility and restaurant / tea garden;
 - d) Informal Trade Area, restricted to a community/flea market facility.
 - e) General or Offices.
- 5.8.8.1.5 The following restrictions relating to permissible and consent uses shall apply to The Recreation and Community Centre component of a Retirement Village accessible only by the residents and guests:
- a) Shop shall be restricted to a hair / beauty salon, laundry, convenience/tuck shop and other commercial uses ancillary to a Retirement Village facility.
 - b) Agricultural Land shall be restricted to the use for a community garden and a plant nursery.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

5.8.9 PROVISIONS APPLICABLE TO SERVICES AND UTILITY COMPONENTS OF A RETIREMENT VILLAGE SITES

- 5.8.9.1 Adequate facilities for the removal of hazardous/medical and general waste, in line with Council's Bylaws and to the satisfaction of Council, shall be provided.

5.8.10 LETTING OF PREMISES

- 5.8.10.1 No part of any Dwelling House shall be let off as a separate tenement, nor shall the outbuildings of, or an additional freestanding building on the premises of a Dwelling House except an Additional Dwelling Unit be let off as a separate tenement, unless the owner has applied and received Council's consent approval for a Boarding House.

5.8.11 ADDITIONAL PROVISIONS APPLICABLE TO RESORT DEVELOPMENTS

- 5.8.11.1 Within a Resort Zone, the provision of any Caravan Park shall be designed and operated independently of any accommodation of a permanent nature such as Chalets, Dwellings and Medium Density units.
- 5.8.11.2 No Caravan Park, Chalets, Dwellings, or Medium Density units may be erected within a Resort Zone without compliance, first, with the provisions of Clause 4.1.2.1 of this Scheme, at the sole discretion, and to the satisfaction, of the Council.
- 5.8.11.3 No chalet, dwelling unit or building may be sited within the coastal setback line as determined by Council, or in terms of legislation.
- 5.8.11.4 No undergrowth, shrubs and trees of an indigenous nature may be cleared, unless so identified and approved by means of an environmental impact assessment.
- 5.8.11.5 The Council may, at its sole discretion, on application to it, grant its approval to the establishment of:
- a) a shop, launderette and/or place of amusement, place of assembly, or recreational building which is ancillary and incidental to the Resort Zone and exclusively serves such zone; and
 - b) a dwelling unit, or dwelling units, which is, or are, exclusively to be used for accommodation of employees of a Caravan Park.
- 5.8.11.6 No caravan park shall be established within the area of this scheme, except where the approval of the Council thereto has been obtained. The design, layout and other standards of the Caravan Park shall be to the satisfaction of the Council and subject to such conditions which the Council may impose; provided that the Council, when considering an application in respect of a Caravan Park may, at its sole and unhindered discretion allow itself to be guided by the South African Bureau of Standard's "Code of Practice for the siting, layout, design, construction, use, maintenance and operation of caravan parks" (SANS 10092-2004). The Council reserves the right to impose any part of parts or the whole of the said Code or applicable Bylaws as a condition of approval, in which case such Code or Bylaws, or parts thereof, shall be deemed to have the same force and effect as any provision of this Scheme and to be a part of this scheme.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

5.8.12 SECURITY AND LIGHTING

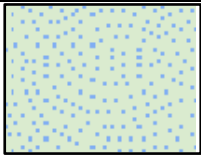

5.8.12.1 Adequate provision shall be made for perimeter and internal security measures, which may include a guard house, perimeter fencing, etc.

5.8.12.2 The development shall be adequately lit, to the satisfaction of Council.

5.8.13 SEQUENTIAL DEVELOPMENT

5.8.13.1 The Council may approve of a Retirement Village Site being developed sequentially in portions/phases, provided that at least the following services shall be provided concurrently with the first stage of development:

- a) a Care Centre, which may contain frail aged accommodation with a minimum total number of beds equal to 10% of the number of dwelling units;
- b) the Community Centre, which shall contain a kitchen, dining room and lounge area and may include other support facilities which shall be for the exclusive use of the residents and their guests;
- c) open space areas; and
- d) administration offices.

5.9 ZONE: CATEGORY: TRANSPORTATION AND ACCESS		
5.9.1 ZONE: AIRPORT		
STATEMENT OF INTENT: A zone that makes provision for aircraft landing and take-off, usually equipped with hangars, facilities for refuelling and repair, and various accommodation for passengers. Airports can be distinguished as follows: basic utility, general utility, general transport, long haul, medium haul, short haul, and/or heliport.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

5.9.6 ZONE: UTILITIES AND SERVICES		
STATEMENT OF INTENT: A zone that provides for the designation and management of land set aside for uses such as substations, public utilities and sewerage pump stations. Underground pipes/services and overhead lines are usually contained within a services servitude over a parcel of land which is zoned for a specific use and is not given a separate or specific zone. The impact of these uses within servitudes is usually managed through the Environmental Impact Assessment process.

5.10 CONTROLS AND PROVISIONS APPLICABLE TO TRANSPORTATION ROUTES OR CORRIDORS

5.10.1 CONTROLS AND PROVISIONS APPLICABLE TO TRANSPORT TERMINALS

5.10.1.1 GENERAL PROVISION APPLICABLE TO ALL TRANSPORT TERMINALS

5.10.1.1.1 SITE DEVELOPMENT PLANS

5.10.1.1.1.1 Sites shall not be developed, whether in part or in whole, without prior approval by the local authority of a Framework Plan / Development Plan / Site Development Plan, as set out in Clause 4.1.1.1.1 and 4.1.2.1 of this Scheme.

5.10.1.1.1.2 Such plan shall demarcate all relevant components of the development, such as:

- Refueling area/s;
- Mechanical workshop/s;
- Vehicle washing area/s;
- Vehicle parking, loading and maneuvering area/s;
- Pedestrian movement areas;
- Waiting, recreational and shopping area/s;
- Relevant docks, hangers, warehousing, etc.;
- Overnight Facility/ies (if provided);

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- i) Ingress / Egress points to the site;
- j) Lighting, security and custom control measures;
- k) Buffer or screening measures implemented (if deemed necessary);
- l) Landscaping;
- m) Waste Management Area/s; and
- n) Other components as required by the Municipality.

5.10.1.1.1.3 The Development and/or Site Development Plan shall detail all relevant bulk factors (viz., relevant height, floor areas, coverage) and other related requirements per components listed above.

5.10.1.1.1.4 Detailed design and actual development shall be subject to an appropriate level of geotechnical, traffic and environmental assessment, and/or any other specialist study that the Municipality may require.

5.10.2 SURFACE AND DRAINAGE

5.10.2.1 The provisions of Clause 4.1.1.1.6 of the Scheme shall apply.

5.10.2.1.1 ACCESS, TRAFFIC MOVEMENT AND DROP-OFF / PICK-UP AREAS

5.10.2.1.2 Points of ingress to and egress from a transportation terminal or facility shall be sited, constructed, paved and maintained to the satisfaction of the Council.

5.10.2.1.3 Traffic movement within the facility and drop-off/pick-up areas shall make provision for separation of pedestrian and traffic movement, signage, road markings, shelters and other facilities to ensure the safety and convenience of passengers.

5.10.3 WASTE MANAGEMENT

5.10.3.1 The provisions of Clause 4.1.1.1.8 of the Scheme shall apply.

5.10.4 SECURITY, SCREENING, LIGHTING AND VENTILATION

5.10.4.1 Adequate security shall be provided and maintained to the satisfaction of the Council.

5.10.4.2 Adequate lighting shall be provided and maintained on the premises for the safe movement and control of vehicular and pedestrian traffic to the satisfaction of the Council. Such additional lighting as the Council may deem necessary to facilitate safety, movement and control of traffic to and from the site shall be provided at the cost of the owner.

5.10.4.3 Adequate ventilation of the premises shall be provided and maintained.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

5.10.5 LANDSCAPING, SCREENING OF SITE AND ACTIVITIES

- 5.10.5.1 Provision shall be made for the landscaping and maintenance of the grounds to the satisfaction of the local authority.
- 5.10.5.2 Screening measures of such height, extent, materials, design and position as may be determined by Council, shall be erected as and when required by Council in order to screen fencing, working, washing and maintenance areas, storage areas and utility areas from outside view.

5.10.6 PUBLIC CONVENIENCES

- 5.10.6.1 Public conveniences shall be provided and maintained to the satisfaction of Council.

5.11 CONTROLS AND PROVISIONS APPLICABLE TO PUBLIC PARKING / PARKADES

- 5.11.1 The following provisions shall, in addition to any other relevant provision of the Scheme, be applicable to all Parking Areas and Parkades, which may be used for parking purposes only. No building other than a parkade, ticket office, automatic teller machine and carwash facility shall be permitted.

5.11.1.1 ACCESS, SURFACES AND DRAINAGE.

- 5.11.1.2 The provisions of Clause 4.1.1.1.6 of the Scheme shall apply.

5.11.2 WASTE MANAGEMENT

- 5.11.2.1 The provisions of Clause 4.1.1.1.8 of the Scheme shall apply.

5.11.3 SECURITY, LIGHTING AND VENTILATION

- 5.11.3.1 Sites shall be enclosed with a screen wall or fence of not less than 2,00 metres in height.

- 5.11.3.2 Security measures shall be implemented to ensure the safety of staff and patrons.

- 5.11.3.3 Adequate lighting shall be provided and maintained on the premises for the safe movement and control of vehicular and pedestrian traffic to the satisfaction of the Council. Such additional lighting as the Council may deem necessary to facilitate safety, movement and control of traffic to and from the site shall be provided at the cost of the owner.

- 5.11.3.4 Adequate ventilation of the premises shall be provided and maintained.

5.11.4 LANDSCAPING, SCREENING OF SITE AND ACTIVITIES

- 5.11.4.1 Provision shall be made for the landscaping and maintenance of the grounds to the satisfaction of the local authority.
- 5.11.4.2 Screening measures of such height, extent, materials, design and position as may be determined by Council, shall be erected as and when required by Council in order to screen fencing, working, washing and maintenance areas, storage areas and utility areas from outside view.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

5.11.5 PUBLIC CONVENIENCES

5.11.5.1 Public conveniences shall be provided and maintained by the owner/developer to the satisfaction of Council.

5.12 CONTROLS AND PROVISIONS APPLICABLE TO UTILITIES AND SERVICES

5.12.1 GENERAL PROVISIONS APPLICABLE TO ALL LAND, INFRASTRUCTURE AND BUILDINGS APPLICABLE TO UTILITIES AND SERVICES

5.12.1.1 The use of land may be subject to additional provisions and controls in terms of *inter alia* the National Environmental Management Waste Act, Act 59 of 2008, the National Water Act (Act No. 36 of 1998), etc.

5.12.2 ADDITIONAL CONDITIONS AND PROVISIONS APPLICABLE TO FREESTANDING TELECOMMUNICATION INFRASTRUCTURE

5.12.2.1 When considering an application for consent to erect freestanding telecommunication infrastructure, the Council shall consider the following objectives:

- a) To encourage co-location as a means of preventing unnecessary proliferation and duplication of such infrastructure;
- b) To minimize the visual impact of such infrastructure on the surrounding locality; and
- c) To avoid impact on lines of sight and any impact that the infrastructure may have on the responsibilities of the Department of Civil Aviation and the National Ports Authority.

5.12.2.2 Council reserves the right to insist on the decoration of telecommunication masts/antennae if regarded necessary, as well as the possible relocation of and/or alterations to the mast by and at the expense of the applicant if the need arises.

5.12.3 ADDITIONAL CONDITIONS AND PROVISIONS APPLICABLE TO ROOFTOP TELECOMMUNICATION INFRASTRUCTURE

5.12.3.1 When considering an application for consent to erect rooftop telecommunication infrastructure, the Council shall consider the following objectives:

- a) Height restriction of 4m (beyond 4m, Council's consent is required)
- b) Council reserves the right to insist on the decoration of telecommunication infrastructure/antennae if regarded necessary, as well as the possible relocation of and/or alterations to the mast by and at the expense of the applicant if the need arises.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

		5.13. ZONE: UNDETERMINED				
STATEMENT OF INTENT: This zone makes provision for land to be managed until such time as more detailed, permanent zonings are determined

SPLIT ZONING						
Accordingly, all Split Zones be subdivided and/or consolidated in order to create individual Erven and subsequently allocate land use zones or landowner be advised of the non-compliance and consequences thereof.						

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

6. PARKING REQUIREMENTS

6.1 THE GENERAL PROVISIONS AND CALCULATION OF PARKING BAYS REQUIRED

- 6.1.1 Any person intending to erect, alter or extend a building or develop or use any Erf shall provide on-site parking within the boundaries of the site in accordance with the standards and requirements set out in Tables 2, 3 and 4.
- 6.1.2 When computing the total number of parking and loading spaces required in respect of any specific use or building, such number shall be determined to the greater whole number.
- 6.1.3 Where the use proposed is not contained in this document, parking shall be provided at the discretion of the Authorised Official.
- 6.1.4 Except where otherwise determined, a parking space, inclusive of maneuvering area, which is provided on a site except a site which is reserved in terms of the scheme as a public car park, shall be 30m² in extent.

6.2 THE DESIGN, CONSTRUCTION AND MAINTENANCE OF PARKING AREAS OR PARKADES

- 6.2.1 For the purposes of this clause, “Parking Area” shall refer to both parking areas and/or parkades, unless stated otherwise.
- 6.2.2 All parking areas, parking spaces, access, drainage, lighting, landscaping, maneuvering areas, etc. shall be to the satisfaction of and subject to the approval of the Council. In the event of any such aforesaid area not being in conformity with the provisions of this Scheme, then, notwithstanding anything in any bylaw contained, no building plan shall be approved prior to the granting of such aforesaid approval of Council.
- 6.2.3 All vehicle parking spaces, access and maneuvering areas shall be permanently hardened or sealed and maintained in a dust free condition to the satisfaction of Council. Council may require the installation of pollution control mechanisms such as grease traps, to protect water resources from polluted runoff.
- 6.2.4 Clause 6.2.3 may be relaxed at the sole discretion of Council in cases where a worship site is used only one day per week and not frequently used for any other purpose during the course of the week.
 - 6.2.4.1 Therefore, the portion of a parking area provided for a worship site that is used only one day per week need not be permanently hardened, but must be maintained in a dust free condition. Any part of a parking area provided for a worship site that is used more than one day per week, such as an educational building, offices, etc. must be permanently hardened.
- 6.2.5 An application for relaxation of Clause 6.2.3 must be submitted in writing. Once approved, Council reserves the right to cancel its approval should the condition of the parking area deteriorate to such an extent that the parking area is no longer deemed dust free.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- 6.2.6 Except where required in terms of this Scheme or any other law, a parking space need not be roofed over.
- 6.2.7 Every parking space required in terms of this Scheme shall be clearly marked and defined to the satisfaction of Council.
- 6.2.8 Parking areas shall be provided with adequate lighting, ventilation and landscaping to the satisfaction of Council.
- 6.2.9 Provided that and except with the express approval of Council:
- a) the vehicular access/exit to a site shall be restricted to not more than one combined vehicular access/exit each per site per street abutting the site;
 - b) the vehicular access/exit to a site shall be restricted to a maximum width of 7,5 metres where it crosses the street boundary;
 - c) no vehicular crossing over the pavement shall be located nearer than 5 metres to any street corner (i.e. the point of intersection of two street boundaries).
- 6.2.10 A building completion certificate, as provided for in National Building Regulations and Building Standards Act, as amended, shall not be issued unless the vehicular parking area or areas, indicated in accordance with the provisions of this Scheme, on a relevant building plan, have been constructed and completed to the satisfaction of Council.
- 6.2.11 Except where in this scheme it is otherwise expressly provided, off-street parking areas shall conform to the following minimum standards and dimensions listed from a) to j) and Tables 2, 3 and 4 below:
- a) Parallel parking spaces shall be 2,5m wide and 5m long with a maneuvering space of 2,5m in length between each pair of bays. A minimum adjacent aisle width of 3m shall be provided for gaining access.
 - b) Vehicles shall be parked in such a way that each vehicle can be moved freely in and out of its parking space in a single maneuver.
 - c) The parking layout shall be so designed that structural members such as columns, beams, walls, etc. shall not obstruct the free maneuvering of vehicles into and out of parking spaces.
 - d) In cases of isolated parking spaces adjacent to structural members such as columns and walls, where the full width of bay cannot be obtained, a reduction on the standard width not exceeding 240mm may be permitted.
 - e) In awkward situations or in cases where other particular factors arise, the requirement of 5,0m depth of parking space may be relaxed down to a minimum of 4,6m provided that the number of 4,6m spaces does not exceed 10% of the total parking spaces provided.
 - f) The gradient of continuous ramps should not exceed 1 in 7 provided however that for short sections, and in special circumstances this gradient may be steepened but in no case should it be steeper than 1 in 5.
 - g) Vertical curves between the ramps and the street access and between the ramps and parking floors should be provided with a minimum radius of 30 m.

uMhlathuze Single Land Use Scheme Regulations – 28 April 2021

- h) Correct super-elevation should be applied transversely across curved ramps, such super-elevation varying according to the horizontal radius of the curve, subject, in all cases, to the super elevation not exceeding 1 in 10.
- i) The inside turning radius on continuous ramps shall not be less than 4,3m.
- j) The Council may relax the provisions of the Guiding Rules for parking in those cases where it is difficult or impractical to meet the required standards on account of one or more of the following factors:
 - (i) the shape of the site;
 - (ii) the shape of the building;
 - (iii) the position and location of structural members;
 - (iv) the locality and character of the building, with particular regard to the likely economic status of the tenants.

6.2.12 All parking areas shall be maintained to the satisfaction of the Council.

6.3 LOADING REQUIREMENTS

6.3.1 GENERAL PROVISIONS AND CALCULATION OF LOADING ZONES REQUIRED

6.3.1.1 For the purposes of this Clause, a loading area means an area upon the site of a building, set aside for the accommodation of vehicles onto which goods or materials are to be loaded or from which goods or materials are to be off-loaded and for such loading and off-loading.

6.3.1.2 Any person intending to erect, alter or extend a building or develop or use any Erf or building or conduct an activity where, in the opinion of the Council, it is necessary and desirable for such loading areas to be provided, shall provide adequate on-site loading areas to the satisfaction of and subject to the approval of the Council in accordance with the requirements set out in Table 5.

uMhlathuze Land Use Scheme Regulations – 2021

- 6.3.1.3 The loading or off-loading of goods or materials onto or from vehicles, shall not, under any circumstances, be permitted in or upon any street, nor shall any person permit goods or materials of any other nature whatsoever to be loaded onto or off-loaded from any vehicles in or upon any street, except within such portions of a street which may have been specifically set aside and demarcated for such purposes by the Council, or, with the authority of the Council.
- 6.3.1.4 Loading areas required to be provided under Clause 6.3 shall be in addition to any parking provided in terms of Clause 6.
- 6.3.1.5 When computing the total number of loading zones required in respect of any specific use or building such number shall be determined to the greater whole number.
- 6.3.1.6 Except where otherwise determined, a loading zone, inclusive of maneuvering area shall be 75m² in extent.

6.4 RELAXATION OF LOADING ZONE REQUIREMENTS

- 6.4.1 The Council may, at its sole discretion and subject to its approval or consent thereto being sought, relax the loading zone requirements imposed under this Clause:
- a) under circumstances where the imposition of the loading zone requirements is impracticable or detrimental to safety or amenity of the general public;
 - b) in respect of floor areas which at the sole discretion of the Council, do not justify the provision of loading zones in accordance with the laid down ratios.
- 6.4.2 Notwithstanding any provision of Clause 6.4.1 the Council may, at its sole discretion, in lieu of the provision of on-site loading zones by the developer:
- a) instruct a developer to provide at his own cost and to the satisfaction of the Council the number of loading zones that the developer would have been required to provide on-site in terms of the Scheme, at ground level, on land reserved, in terms of the Scheme, for loading zone purposes; or
 - b) agree to a developer providing loading zones on another site, which is acceptable to the Council and further subject to the registration of a Notarial Deed in restraint of separate alienation of the land concerned.

Provided that the loading zones, as contemplated in Clause 6.4.2 a) and b) above, shall be constructed and completed to the satisfaction of the Council before a building completion certificate as provided for in the National Building Regulations and Building Standards Act (Act 103 of 1977) is issued in respect of the building or buildings to which the provision of the relevant loading zones relate.

- c) instruct a developer to contribute to a loading zone reserve fund by way of a cash payment in lieu of the provision of on-site loading zones. The cash payment shall be calculated on the basis of the actual cost to the Council or its nominee of providing on land designated in the Scheme for public parking purposes, the number of loading zones, at ground level, that would have been required to be provided by the developer on the site of the developer in terms of the Scheme.

uMhlathuze Land Use Scheme Regulations – 2021

- 6.4.3 A) On site loading zones shall be provided in accordance with the standards and requirements set out in Table 5 for any Residential Building and/or Hotel erected and used on an Erf within the said use zones.
- 6.4.4 The Council may at any time vary the foregoing requirements if the character or type of activity being conducted on a site is changed or altered to an extent which, in the opinion of the Council, materially alters the number and type of vehicles generated by the site, provided that in no case shall such variation of requirements result in the number of loading zones provided or to be provided exceed the loading zone requirements set out in Table 5.

6.5 THE DESIGN, CONSTRUCTION AND MAINTENANCE OF LOADING AREAS

- 6.5.1 All loading zones, accesses and maneuvering areas shall be to the satisfaction of and subject to the approval of the Council. In the event of any such aforesaid areas not being in conformity with the provisions of this Scheme, then, notwithstanding anything in any bylaw contained, no building plan shall be approved prior to the granting of such aforesaid approval of the Council.
- 6.5.2 Loading bays provided for the delivery of foodstuffs and/or perishable goods must be provided separately from an area used for the storage and collection of waste, in order to avoid cross-contamination.
- 6.5.3 All loading zones, accesses thereto and maneuvering areas shall be permanently hardened, paved or sealed and maintained in a dust free condition to the satisfaction of the Council. Council may require the installation of pollution control mechanisms such as grease traps, to protect water resources from polluted runoff.
- 6.5.4 Except where required in terms of this Scheme or any other law, a loading zone need not be roofed over.
- 6.5.5 Every loading zone required in terms of this Scheme shall be clearly marked and defined to the satisfaction of the Council.
- 6.5.6 Adequate lighting shall be provided for loading bays to the satisfaction of Council.
- 6.5.7 A building completion certificate, as provided for in the National Building Regulations and Building Standards Act (Act 103 of 1977), as amended, shall not be issued unless the loading zone or zones, indicated on a relevant building plan, in accordance with the provisions of this Scheme, has/have been constructed and completed to the satisfaction of the Council.
- 6.5.8 Loading areas shall be maintained to the satisfaction of the Council.
